

InstaFOIL 18

O M N I - F I N I S H E R

This extremely versatile Omni-Finisher can do it all!
Perfect for printers needing various laminating capabilities:

- One Side Laminating – System has built-in decurler to produce flat sheets. Built-in perforator wheel weakens the edge of the lamination for easy hand sheet separation.
- Two Side Laminating – Film thicknesses from 1.2 mil through 5 mil.
- Mounting – Roller pressure gaps to allow insertion of foam boards for mounting as well as simultaneous mounting and laminating for signs, trade show displays, etc.
- Foiling - Adjustable roller speed and temperature plus convenient take-up reel makes foiling a breeze

Key Features

- One side laminating with built-in decurler
- Easy hand sheet separation
- Two side Laminating 1.2 to 5 mil films
- Flawless foil finishing
- Mounting capabilities to foam board
- Foot pedal web advance included
- Easy Set Temperature dial and ready indicator light
- Detachable liner rewinder for foil and cold films
- Energy saving standby mode
- Heated rollers for scratch free laminations

Maximum Laminating Width 18"
Laminating film thickness 1.2 mil – 10 mil
Mandrel Core Size 1" and 3" cores
Speed Variable up to 10 feet per minute
Gross Weight 76lbs
Power Requirements Standard 120 volt power
