PRINT ON MEDIA UP TO 6 INCHES TALL

DUAL LED LAMPS
(Instant Ink Curing)

BEST. EVER.

The X- 36 UV Printer cannot be beat.

Large flatbed printers designed for signage and graphics print at high speeds, but are limited by substrate thickness.
Small format printers designed for specialty items print at slower speeds and are limited by substrate length and width.

The Xanté family of X-UV Printers do **BOTH**. It's the best of both worlds.

Signage ■ Manufacturing ■ Specialty Items ■ Industrial ■ Packaging

Simply Brilliant Color Workflow

INCLUDED!

Welcome to iQueue Prepress Software

Xante builds on its innovative workflow software with powerful team-based productivity in iQueue 14. True server-client operation enhances your workflow to optimize the talents and time of everyone involved in production. Take advantage of your entire team of IT

Create a new job or simply drag and drop your file into the queue.

iQueue features include:

- Independent CMYK Density Controls
- PANTONE® Color Library
- Right-ON® Spot Color Matching
- QR Code Generator
- Full Imposition and Tiling
- PDF-Out AND SO MUCH MORE!

specialists, designers, and printer operators to simplify prepress tasks such as job sharing and job cost estimating, file editing tools, patented Right-ON® Spot Color Matching and much more. Create attention-grabbing displays with VividHD-UV ink. And, with instant curing, your customers will appreciate the fast, durable results.

White Options

Build depth with layers of white

Change spot colors to white

Edit Job Images

- Edit Job Images
