

HANGERS

ESSENTIAL 02 SHELVING KIT INSTALLATION GUIDE

STEP 1

Instruction:

Measure up from the floor to 1650mm.

Draw a small line for reference.

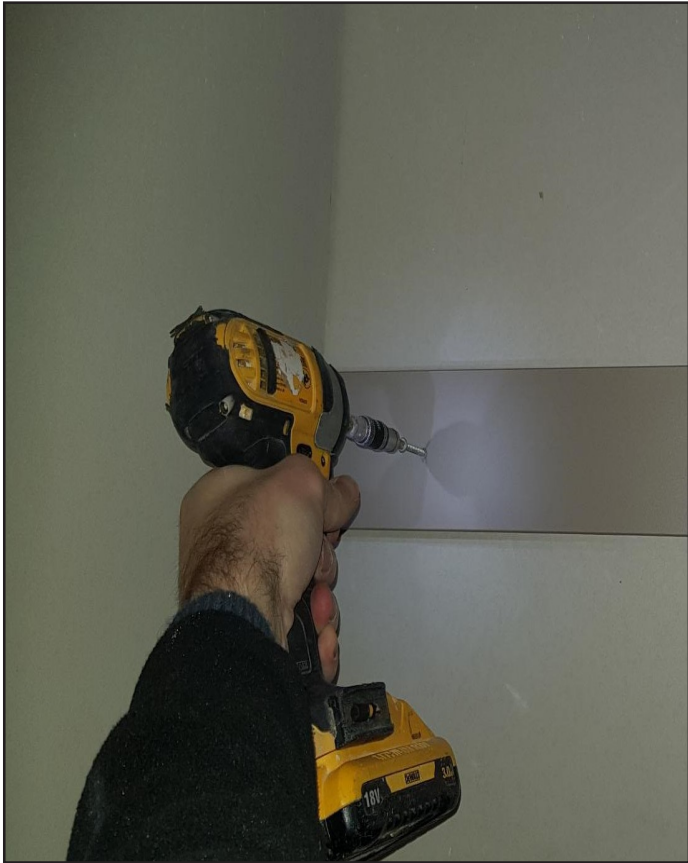

STEP 2

Instruction:

Directly above this 1650mm line, measure the width of the rear wall.

Cut liner to size.

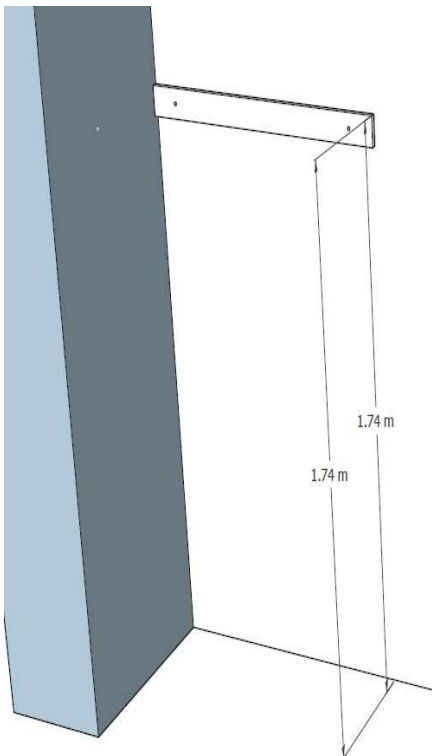

STEP 3

Instruction:

Secure the liner to the wall.

STEP 4

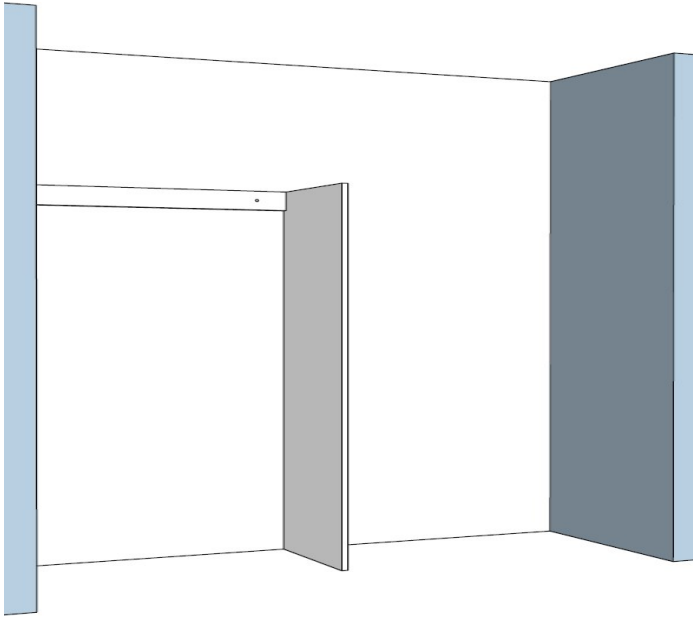

Instruction:

Measure from the floor to the top edge of the fitted liner.

STEP 5

Instruction:

Cut shelf to size and install.

STEP 6

Instruction:

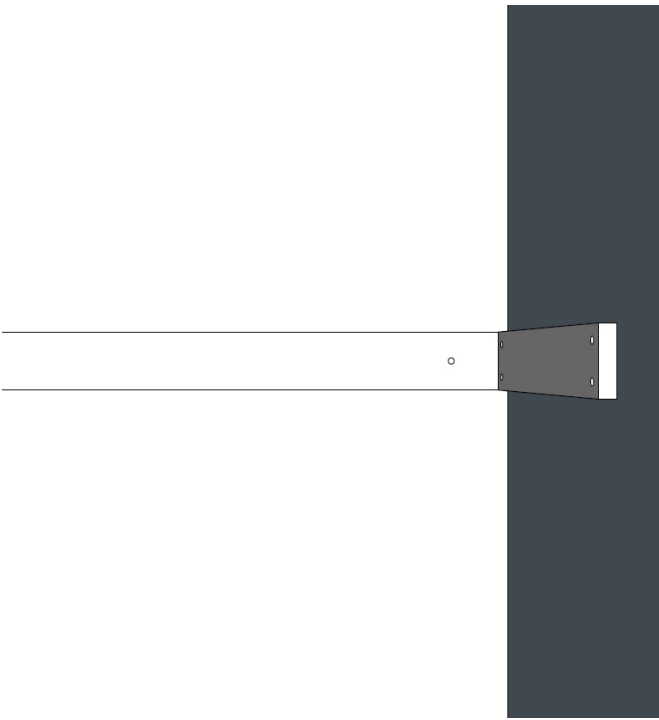

Install side wall level with liner.

STEP 7

Instruction:

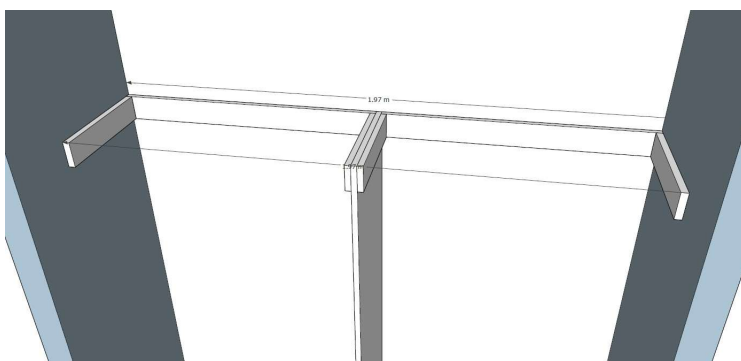

Repeat steps for other side.

STEP 8

Instruction:

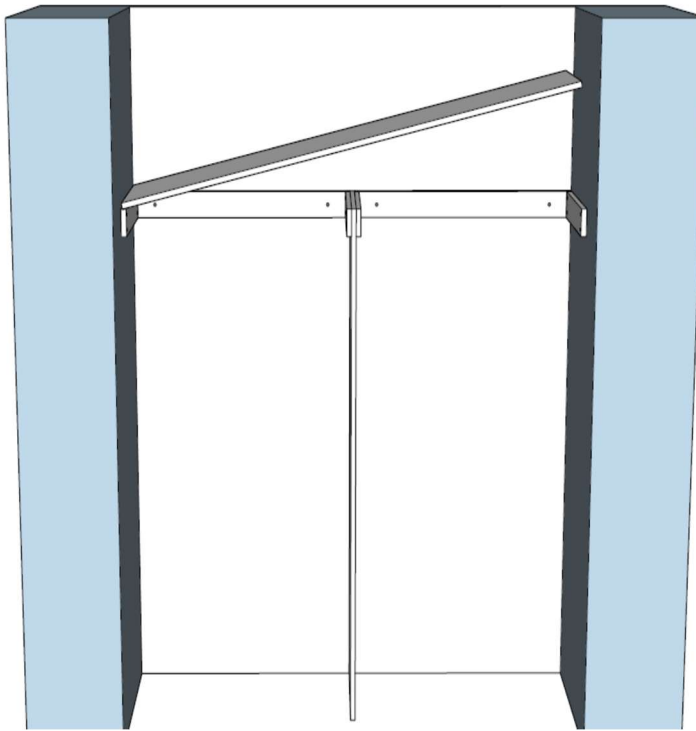

Measure front and back and cut shelf to size.

STEP 9

Instruction:

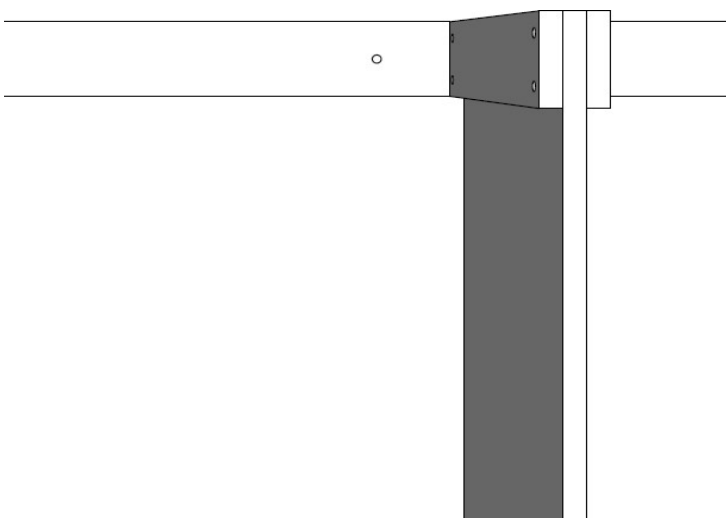

Lift shelf into position and secure in place.

STEP 10

Instruction:

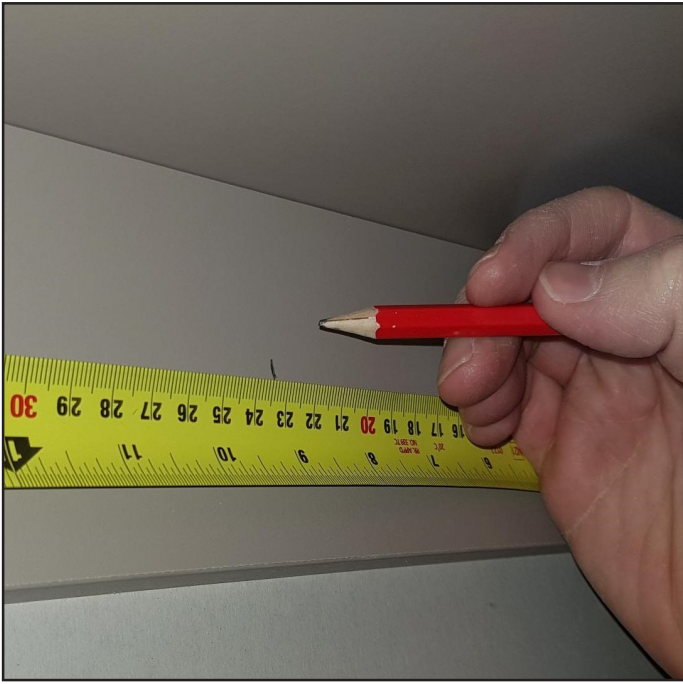

Fix side walls to shelf upright.

STEP 11

Instruction:

Measure out from the rear shelf bearer to 230mm.

STEP 12

Instruction:

At the 230mm point, measure down from the underside of the shelf to 80mm, mark a line for reference.

STEP 13

Instruction:

Secure hanging bar cup.

Repeat on all four sides.

STEP 14

Instruction:

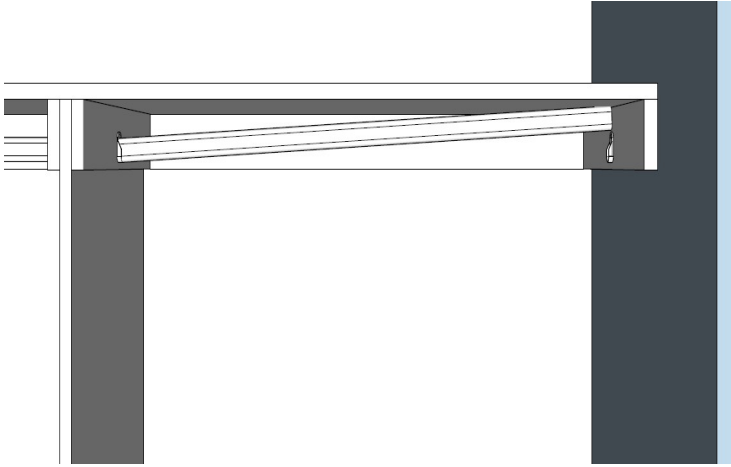

Measure and cut hanging bar to size and install.

STEP 15

Instruction:

Repeat for other side of wardrobe.

STEP 16

Interior is now complete.
