

3-in-1 15W MagSafe Fast Wireless Charging Station

User Manual

3-in-1 15W MagSafe Fast Wireless Charging Station

Product Information

This is a 3-in-1 15W MagSafe fast wireless charging station that uses the latest Qi-charging technology. It is MagSafe compatible and supports up to 15w of power for your MagSafe compatible phone.

It is compatible with the latest generation of Apple iPhones 12/13/14/15. Has separate charging platforms for the wireless charging compatible Apple AirPods and Apple Watch.

USB Type-C power input.

What's in the Box

- 3-in-1 15W MagSafe Fast Wireless Charging Station
- USB-A to USB-C charging cable

**No assembly is required*

Wireless Charger

USB Cable

How to Use

1. Unbox the device
2. Use the charging cable provided with the device to connect it to a compatible power adaptor*. Power input is found on the bottom side of the device.
3. Place the compatible phone on the main charging pad (A). The strong magnets will hold your phone in place allowing you to charge it in both vertical and horizontal orientations.
4. You can use the charging pad (B) to charge any Qi wireless charging compatible earbuds.
5. You can use the charging pad (C) to charge any Qi wireless charging compatible earbuds.
6. This wireless charger is made for Apple and supports compatible Apple iPhones, Apple AirPods and Apple Watches.

*To charge multiple devices you will require a PD + QC 3.0 power adaptor (must be purchased separately)

Troubleshooting

Phone is not charging: If your phone is not charging please check for the following.

- Phone is placed correctly on the charging pad.
- Make sure the wireless charger is correctly connected to the power adaptor.
- If you are using a protective phone case, try removing it and placing the phone directly on the charging pad. The charging station supports MagSafe compatible protective iPhone cases.
- Make sure there are no magnets in between the phone and the charging pad.
- Make sure when the phone is placed on the charging station the LED indicator turns blue.

Phone is charging slow: If your phone is charging slow or not charging while wireless earbuds are charging it is usually a sign of lack of power. Please check to see you are using the correct type of power adaptor. For optimum performance you will require a PD + QC 3.0 power adaptor.

Product safety information

- Do not store or use the device in a high temperature or high humid environment.
- Do not store or use near strong magnetic fields.
- Do not temper with the device.
- Keep out of reach of children.

These warnings are important to ensure the safety and longevity of the device. High temperatures and humidity can damage the device's internal components, leading to malfunction or failure. Strong magnetic fields can interfere with the device's electronic signals and cause it to malfunction. Tempering with the device can also cause irreparable damage and void any warranties. Lastly, keeping the device out of reach of children is important to prevent accidental damage or ingestion of small parts that may pose a choking hazard. By following these precautions, you can ensure the safe and optimal use of your device.

Product warranty

Congratulations! Your purchase also includes a 48-month warranty. This means that you can enjoy your new product with the peace of mind that comes with knowing that any defects or issues will be covered for the next four years. Our warranty covers both parts and labor, so you won't have to worry about any additional costs if something goes wrong. Additionally, our customer service team is available to assist you with any questions or concerns you may have about your warranty or product. We strive to provide the best possible experience for our customers, and we hope that this warranty will help you enjoy your purchase for years to come. Thank you for choosing our product, and please don't hesitate to reach out if you need anything.
