

5000 mAh MagSafe Magnetic Wireless Power Bank for iPhone

User Manual

5000 mAh MagSafe Magnetic Wireless Power Bank for iPhone

Product Information

The 5000 mAh MagSafe magnetic wireless power bank for the Apple iPhone is an innovative and practical solution for the Apple iPhone users who are always on the go. With its high capacity battery pack, this wireless power bank is specifically designed to cater to the needs of the Apple iPhone users, particularly those who own the Apple iPhone 12 or newer models.

One of the key features of this power bank is its 5W wireless charging power, which allows you to charge your Apple iPhone without the need for cables. This feature is not only convenient but also efficient, as it allows you to charge your phone while still using it. In addition, the power bank also supports wired charging with its 10W wired charging capability.

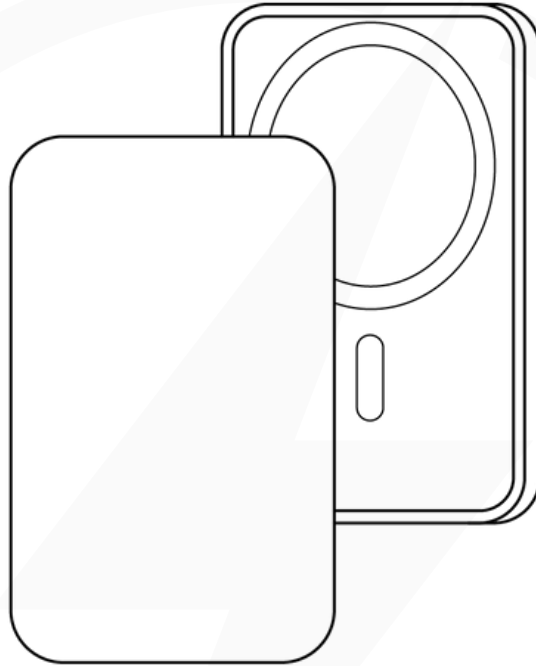

With its slim design, the MagSage Magnetic Wireless power bank is easily portable and can be carried around in your pocket or bag. The LED charging indicator is also a handy addition, as it lets you know when the power bank is charging or fully charged.

The power bank is charged using a lightning cable power input, which is standard for Apple devices. Overall, the 5000 mAh MagSage Magnetic Wireless power bank is a reliable and convenient option for iPhone users who need a quick and hassle-free way to charge their phones on the go.

What's in the Box

- 5000 mAh MagSafe Magnetic Wireless Power Bank

**No assembly is required*

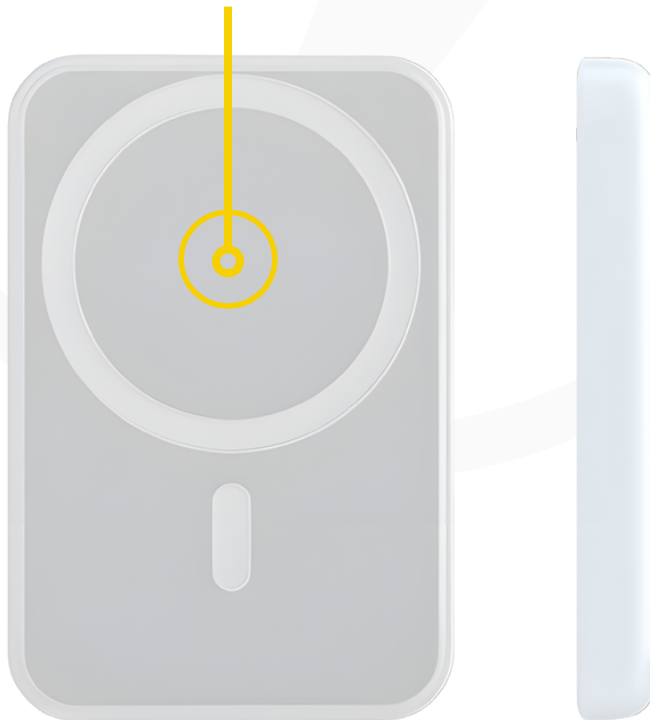

MagSafe Power Bank

How to Use

1. Unbox the device
2. The wireless power bank is ready to use right out of the box.
3. The magnetic wireless power bank attaches to the back of your Apple iPhone 12 or newer.
4. The power bank uses a lightning cable* input to charge.
5. You can also use a lightning cable to charge any non-wireless charging compatible device.
6. You can additionally charge non-MagSafe smart phones also by placing the device on the power bank.

*Lightning cable is not provided with the power bank.

Magnetic Charging Surface

Troubleshooting

Phone is not charging: If your phone is not charging please check for the following.

- Phone is placed correctly on the charging pad.
- If the phone is not compatible with MagSafe then make sure the charging coil is aligned correctly.
- If you are using a protective phone case, try removing it and placing the phone directly on the charging pad.
- Make sure there are no magnets in between the phone and the charging pad.

Product safety information

- Do not store or use the device in a high temperature or high humid environment.
- Do not store or use near strong magnetic fields.
- Do not temper with the device.
- Keep out of reach of children.

These warnings are important to ensure the safety and longevity of the device. High temperatures and humidity can damage the device's internal components, leading to malfunction or failure. Strong magnetic fields can interfere with the device's electronic signals and cause it to malfunction. Tempering with the device can also cause irreparable damage and void any warranties. Lastly, keeping the device out of reach of children is important to prevent accidental damage or ingestion of small parts that may pose a choking hazard. By following these precautions, you can ensure the safe and optimal use of your device.

Product warranty

Congratulations! Your purchase also includes a 48-month warranty. This means that you can enjoy your new product with the peace of mind that comes with knowing that any defects or issues will be covered for the next four years. Our warranty covers both parts and labor, so you won't have to worry about any additional costs if something goes wrong. Additionally, our customer service team is available to assist you with any questions or concerns you may have about your warranty or product. We strive to provide the best possible experience for our customers, and we hope that this warranty will help you enjoy your purchase for years to come. Thank you for choosing our product, and please don't hesitate to reach out if you need anything.
