User Manual

Foldable 3-in-1 Aluminium MagSafe Fast Wireless Charger

Product Information

The Foldable 3-in-1 Aluminium MagSafe Fast Wireless Charger is the perfect accessory for Apple device users, providing a convenient and efficient charging solution. With 15W fast wireless charging for the Apple iPhone, 5W charging for the AirPods, and 2.5W charging for the Apple Watch, you can keep all your devices charged and ready to go.

The watch charger also supports Samsung Watch, making it a versatile option for users with multiple devices. Plus, the base 5W charger can also be used to charge a non-MagSafe Qi-wireless charging supported device, providing even more flexibility.

The USB-C power input ensures fast and reliable charging, while the foldable design makes it easy to take on the go. The aluminium construction not only looks sleek but also provides excellent heat dissipation and passive cooling for your devices, keeping them safe and secure while they charge.

Troubleshooting

Phone is not charging: If your phone is not charging please check for the following.

- Phone is placed correctly on the charging pad.
- Make sure the wireless charger is correctly connected to the power adaptor.
- If you are using a protective phone case, try removing it and placing the phone directly on the charging pad.
- Make sure there are no magnets in between the phone and the charging pad.

Phone is charging slow: If your phone is charging slow or not charging while wireless earbuds are charging it is usually a sign of lack of power. Please check to see you are using the correct type of power adaptor. For optimum performance you will require a PD + QC 3.0 power adaptor.

Product safety information

- Do not store or use the device in a high temperature or high humid environment.
- Do not store or use near strong magnetic fields.
- Do not temper with the device.
- Keep out of reach of children.

These warnings are important to ensure the safety and longevity of the device. High temperatures and humidity can damage the device's internal components, leading to malfunction or failure. Strong magnetic fields can interfere with the device's electronic signals and cause it to malfunction. Tempering with the device can also cause irreparable damage and void any warranties. Lastly, keeping the device out of reach of children is important to prevent accidental damage or ingestion of small parts that may pose a choking hazard. By following these precautions, you can ensure the safe and optimal use of your device.
