

ZOLO™

BULLET FOR RINGS

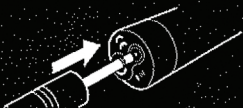

GETTING STARTED

1. Before first use, wash your device with soap and water.
2. Lubricate your device (if needed) with a water-based, silicone-compatible lubricant.
3. Charge your device for approximately 2 hours. The USB charging cable can be plugged into any USB port or USB/AC adapter (not included). Both the remote and bullet use the same USB cable to charge.
Charging = LED light flashing
Charged = LED light solid
4. Turn on your device by pressing the  power function button.

CHARGING

1. Connect the charging plug to the charging port of the device.

2. Flashing light on the product indicates that the device is charging.
3. Solid light indicates that the device is fully charged.

4. The bullet vibrator requires approximately 2 hours to fully charge.

CONTROLS

1. Press the bullet  button for 3 seconds to turn the bullet device to standby mode ( button is flashing).

- Press the bullet  button to change between the 10 vibration patterns.
- Press and hold the bullet  button for 3 seconds to turn off the bullet device.

CARE

1. Always clean your device thoroughly before and after each use.
2. We recommend using a premium water-based lubricant when needed. Silicone-based lubricants are not recommended. Never use hand cream or massage oils as lubricants for your intimate areas.
3. To properly clean your vibrating bullet device, use a suitable toy cleaner.
4. Avoid leaving your device in direct sunlight, and never expose it to extreme heat.
5. This device is designed to be waterproof according to IPX7 compliance, and can be submerged underwater by up to 1 meter for 30 minutes.
