

MULTIPRO GRASS

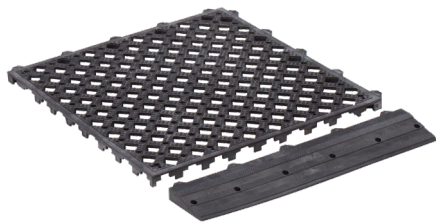

MultiPro Grass is the ultimate grass retention solution, with its open top and interlocking system this can cover a large area while letting grass grow through. Can be pinned down to hold in place until roots take hold.

FEATURES

- Ideal for play ares, outdoor paths, factories, wet areas, grass retention
- Excellent ergonomic qualities
- Can be installed on grass, dirt, wood or any well compacted earth base
- Edge ramps available to minimise tripping hazards
- Modular design, interlocking to cover large areas
- Made from recycled material
- UV protected
- Indoor/outdoor use
