

SAFETY CUSHION

Safety Cushion's natural or nitrile rubber compound and versatile, flow-through design combined to create an extremely popular all-purpose mat. Safety Cushion accommodates spills and debris, keeping employees safe and dry. Its lightweight form and moulded bevelled edging for trolley access makes the Safety Cushion a popular anti-fatigue mat for industrial and commercial areas.

FEATURES

- Ideal for wet areas, factories, workbenches
- Anti-fatigue safety mat
- Protection from wet floors
- Bevelled edges on all four sides
- Holes allow spills to pass through
- Can be joined to make any length
- Non-skid
- Indoor use
