

SUPERFLEX HULL LINER

Superflex Hull Liner is a high quality interior lining for boats and RVs. This needle punched moisture and UV resistant liner helps prevent the growth of mildew and mold. The malleable qualities of this product allows it to be shaped around curved and irregular shapes.

FEATURES

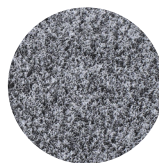

- Ideal for lining hulls, boats & motor home interiors
- Approx. 4.5mm thick
- UV resistant
- Helps reduce noise
- Provides a smart plush finish
- Can be cut to custom lengths - easy to trim to size
- Very malleable - easy to shape
- Indoor use
