

CONSPICUITY TAPE

Conspicuity Tape is a high quality reflective tape which is in full compliance with DOT-C2 requirements. The modular pattern of reflective prisms allow it to be mounted in any position while maintaining full reflective performance. With a typical brightness of 750+ candlepower, it also has one of the industry's highest visibility guidance in wet or dry weather conditions with full reflective strength from distances of 300m and more.

FEATURES

- Highest night-time visibility
- Meets DOT-C2 Specifications
- 750 + candlepower
- 3 year warranty
