

HERC

TOUGH ON TAR AND CRUDE

PRODUCT CODE: 175

DESCRIPTION AND PRODUCT BENEFITS:

HERC is a V.O.C. compliant solvent based product formulated with special surfactants to make it rinse away with water after application. It is essentially non-toxic and readily biodegradable. It dissolves and emulsifies bitumen (asphalt) road tar, crude oils, undercoating overspray and adhesives. As it contains no chlorinated solvents, it is much safer from a health & safety standpoint.

DIRECTIONS OF USE AND APPLICATION:

To emulsify adhesive from decals, residue from protective shipping plastic sheets, undercoating overspray, Bitumen (asphalt), crude oil and road tar: Spray HERC onto working surface, let sit for 5 minutes, agitate with a wash mitt and rinse off.

PRECAUTIONS:

This product is combustible. Never use on hot surfaces or by open flame. Don't smoke while using. Contains petroleum solvent. Dispose of in accordance with Municipal, Provincial and Federal regulations. Do not mix with other chemicals. Keep from freezing.

HEALTH & SAFETY INFORMATION

For further information on the safe handling, storage and precautions for use of this product, consult the Safety Data Sheet. Keep out of reach of children.

DISCLAIMER:

As the actual conditions of use are out of our control no liability is accepted for any loss or damage caused directly or indirectly through the use of our products. Intending users should satisfy themselves, by carrying out appropriate tests, as to the suitability of this product for any particular purpose.

TYPICAL DATA

- APPEARANCE:** Clear colourless liquid.
- SPECIFIC GRAVITY:** ~ 0.83 g/ml
- ODOUR:** Mild citrus.
- SOLUBILITY:** Water dispersable
- % NON-VOLATILE:** ~8.0
- FLASH POINT:** 115°C
- VISCOSITY:** Water thin

AVAILABLE SIZES:
