

TOP HAT

SOLVENT/SILICONE DRESSING

PRODUCT CODE: 164

DESCRIPTION AND PRODUCT BENEFITS:

- LASTING "WET LOOK" SHINE •
- WEATHER RESISTANT • EASY APPLICATION •
- PLEASANT SCENT

Top Hat imparts a "classy" elegance to automotive rubber and vinyl. This silicone/solvent dressing and protectant applies evenly without streaks and levels to a durable wet look finish. Top Hat repels water and resists detergents. Preferred by detailers who like a high viscosity wipe on dressing with low sling-off.

DIRECTIONS OF USE AND APPLICATION:

Apply Top Hat with a dedicated tire dressing applicator, allow to dry, or wipe down with a soft, clean lint free rag. Do not dilute. Use as is.

PRECAUTIONS:

Sling-off from freshly dressed tires may cause permanent staining of some plastic panels. Do not drive the vehicle until excess has been wiped off, especially where the tire contacts the rim. Dressing alone will not cause staining. Keep from freezing and do not mix with other chemicals.

HEALTH & SAFETY INFORMATION

For further information on the safe handling, storage and precautions for use of this product, consult the Safety Data Sheet. Keep out of reach of children.

DISCLAIMER:

As the actual conditions of use are out of our control no liability is accepted for any loss or damage caused directly or indirectly through the use of our products. Intending users should satisfy themselves, by carrying out appropriate tests, as to the suitability of this product for any particular purpose.

TYPICAL DATA

- APPEARANCE:** Clear red liquid.
- SPECIFIC GRAVITY:** ~ 0.80 g/ml
- ODOUR:** Blossoming cherry.
- SOLUBILITY:** Insoluble in water.
- % NON-VOLATILE:** 28
- VISCOSITY:** Water thin.
- FLASH POINT:** ~ 20.5°C

AVAILABLE SIZES:

CUBE - 18.9L
DRUM - 208.2L
