

Powered Mobility

745 Max Mobility Scooter

With a range of 35-45km this sturdy scooter will get you where you need to go. With a heavy duty 4 pole motor, longer frame and large tyres the 745 Max can handle small obstacles with ease. The high back contoured seat has slide and swivel mechanisms and the tiller can be adjusted to find the most comfortable angle for the rider. Safety is prioritised with automatic speed reduction which activates when turning plus an LED headlight, indicators front and rear, tail lights and brake lights.

- * Generous foot space and leg room
- * Loop handlebars for comfortable finger or thumb throttle operation
- * Adjustable high back contoured seat with slide and swivel mechanisms
- * Adjustable steering tiller
- * LED headlight, indicators front and rear, rear tail lights and brake lights
- * Off-board 4amp battery charger
- * Built-in speed reduction when turning
- * Easy to access high mount charger socket
