

Freerider Luggie Elite Deluxe Mobility Scooter

The Luggie Elite Deluxe is a wide track version of the Elite Plus mobility scooter, with front suspension and pneumatic tyres. For those that want heightened stability and a more comfortable ride, this is the scooter to choose. The Luggie Elite Deluxe comes with standard 10.5 A/H Li-ion batteries that can be upgraded to 16.5 A/H, giving a much higher range. With the well designed front suspension and larger pneumatic tyres on the rear, the ride is smooth and comfortable.
