ENGLISH

Introduction

Thank you for purchasing Blackjet TX-2DS Cinema Dock!

Blackjet TX-2DS is a 2-Bay Docking Series system where you can design your own workflow solution.

Blackjet TX-2DS boosts your video workflow by using two Thunderbolt™ 3 Connections with speeds of up to 40Gb/s. You can now quickly and easily ingest, edit, or back up your video contents from various media formats simultaneously. The additional rear Thunderbolt™ 3 port supports daisy chaining of additional Thunderbolt devices, a 5K display, or one USB device.

Inserting Modules

Inserting your DX Modules

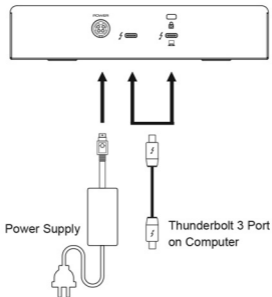

1. Locate your DX module you wish to use.
2. Hold the DX module and gently insert it into the drive slot.
3. Push into the drive slot until you feel the DX module is secure.
4. Follow the instructions from the User's Guide for the type of DX module you are utilizing.

Connecting TX-2DS

Connecting to Computer

1. Plug in the Power Cord to TX-2DS power connector port.
2. Connect one end of Thunderbolt 3 cable to Thunderbolt 3 port on the TX-2DS.
3. Connect the other end of Thunderbolt 3 cable to Thunderbolt 3 port of computer.
4. The Power LED indicator located on the front of the TX-2DS will illuminate.

Removing Modules

Important Notes!

Please eject and remove any media card or cards before swapping out DX Modules.

1. Locate your DX module you wish to remove or swap out.
2. Grab hold of the DX module and gently pull until it is ejected from the drive slot.
3. Now you can insert another DX module into the TX-2DS.
 -

Safety Information

Caution!!

Please do not remove Media Drives/Cards when the LED lights are blinking or if files are transferring. Failing to do so may result in damage or data corruption.

Make Back-up Copies

We strongly recommend that you copy the files in the Media Drives/Cards to your computer first before attempting to view or make any changes to the files.

To help prevent the loss of your data, we highly recommend that you keep back-up copies of your data in separate storage locations. Keep one copy on your internal system hard drive and another copy on a second hard drive.

Power Supply

Please do not use a different power adapter to avoid corruption/damage to the product and data failure.

Limited Warranty

Atech Flash Technology, Inc. ("AFT"), warrants to the original end user ("Customer") that under normal intended use AFT media docking solutions will be free from defects in materials and workmanship for two (2) years from the date of purchase. During warranty period, AFT shall either repair, or replace defective product. AFT shall not be liable for any losses or damages of any kind resulting from the use of AFT products or for any of Customer's data stored on products returned to AFT for service. AFT accepts no liability for and provides no expressed or implied warranty against any loss of data or videos.

You may register your product at <http://www.atechflash.com>. Customer must have proof of purchase and obtain warranty service authorization from AFT within the applicable warranty period before returning defective products to AFT. Returned products must be shipped prepaid and packaged appropriately, and it is recommended that they be insured or sent by a method that provides for tracking of the package.

Limitations: This limited warranty is in lieu of all other warranties, terms or conditions; including warranties, terms, or conditions of merchantability, fitness for a particular purpose, satisfactory quality, suppliers, and in no event will AFT be liable for any special, incidental, consequential, or indirect damages resulting from the possession, use or failure of this product. Product names mentioned herein are for identification purposes only and may be trademarked and/or registered trademarks of their respective companies.
