About Coy

Guided by a profound respect for natural materials, Coy embraces individuality in design. It explores the interplay between organic and geometric forms while delicately balancing light and shadow through subtle depressions, accentuating Coy's modest character. This distinctive design lends the table lamp with a bold character and depth, transforming it into a sculptural piece for any space.

Crafted from cast aluminium with its natural finish untouched, each piece showcases a unique texture inherited from the sand casting process. Handcrafted in collaboration with skilled artisans, Coy pays homage to intricate handmade techniques, placing the material at the heart of its design narrative.

Care Instructions

Over time, the metal surface may diminish its original luster. To retain the original finish, use metal polish with a soft, dry cloth and gently rub it onto the surface. Please refrain from using any polish on the blackened aluminium finish, as this may result in the removal of the patina. Use a dry cloth to remove dust occasionally. Do not use any abrasive substances on the product. Please be wary of its weight. Handle with care.
