About Coy

Coy embraces singularity in design, exploring the dialogue and delicate balance between organic and geometric forms. The interplay of light and shadow caused by soft depressions enhances Coy's modest character. It uses intricate handmade techniques, giving material the center stage.

Care Instructions

Ensure your hands are clean before touching the metal surface to avoid leaving any fingerprint marks. It is advised to use gloves when handling the lighting fixture. Do not use any abrasive substances on the product. Please be wary of its weight. Handle with care.

Over time, the metal surface may diminish its original luster. To retain the original aluminium finish, use metal polish with a soft, dry cloth and gently rub it onto the surface. Please refrain from using any polish on the blackened aluminium finish, as this may result in the removal of the patina. Use a dry cloth to remove dust occasionally.
