Every client walks into our showroom at a different stage in their renovation or new build journey. As such, we feel very passionate to ensure your experience with us is an enjoyable and reliable one. If you have not yet engaged with an interior designer and need any assistance, our team can provide you with the following design consultation options below.

Our ethos is to guide you through this journey and create a look that is uniquely you.

OPTION ONE

SHOWROOM DISCOVERY

Extracting your ideas and exploring your floor plan/ renders to begin building your vision.

CONCEPT PRESENTATION

Initial mood board introduction in the showroom to pass comment and consider options.

PRODUCT CONFIRMATION

We will walk you through your floor plan and advise where to install your selections and installation techniques to use.

OPTION TWO

OPTION ONE

+

ON SITE VISIT

We will meet you at your site to overlook your project so we are able to go further with you to consider your aspects and the scene of space. This visit would take place before your showroom discovery.

TAKE OFF

Once we have cleared your 'Product Confirmation' step, we will offer you, or your builder, a measure take off so you have an initial idea of how much product you need for your project. This will also give you an indication of price to supply your products.

OPTION THREE

Home by Arlo

A limited opportunity to only a handful of projects at a time. Arlo guides the entire design of your home from the ground up. This includes your facade, floor-plans, functionality and features.

As experienced property designers + developers and with a growing repertoire of successful past projects, we understand what is required to assemble a property which ticks all the boxes. We expose you to surface selections which stretch beyond the showroom and are only offered to clients whom take on this option.

Exclusive Trade Pricing

You will be eligible to receive our exclusive trade pricing on all Arlo products. This trade discount increases beyond our standard build trade rates.
