From the CEO's Desk

As a company, we focus on producing innovative high quality products, so you can focus on building your brand and sell with confidence. We partner with world class brands who care about providing consistent quality to their customers.

Rohit Goyal, CEO

ABOUT US

Palmist Skin Care, India (**Palmist Healthcare Pvt Ltd.**) is one of the fastest-growing skincare and hygiene care Brand in India. We are an independent brand that is working towards being recognized as a global symbol for priority customer satisfaction and serving people with the best in quality and price. We started this journey originally in the year 2019 as an initiative to help people recognize the importance of hygiene and self-care. Our primary focus when we began was towards awakening the people's feeling of self-love and help people in realizing the importance of hygiene and cleanliness.

OUR TEAM

We have over 200 dedicated employees, working diligently for the success of our customers. 50% of our workforce is women, Our team comprises of talented professionals with many years of collective industry experience.
