

THE WORLD OF JÖST CLEANING PADS

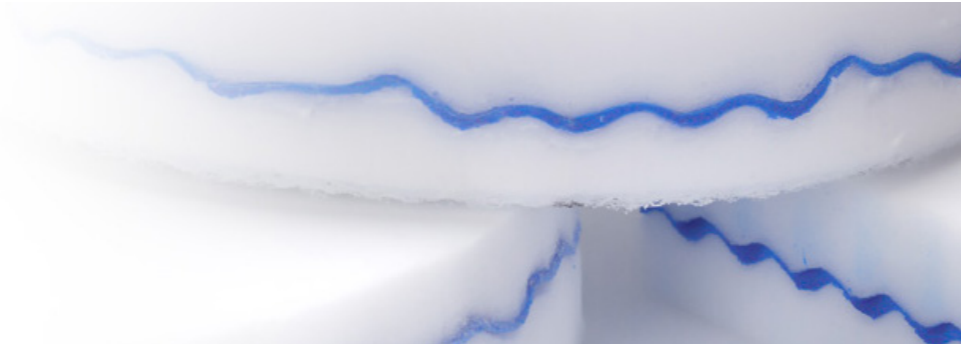

Innovative cleaning pads
Cleanliness down to every pore

THE WORLD OF JÖST CLEANING PADS

We usually associate the term 'cleaning' with thoroughness. However, in practice, we soon find out that cleaning involves a lot more than simply being thorough! No other industrial sector presents professionals with such diverse problems. From the light application of care products on new floors and the coating of hard floor coverings to the intensive task of cleaning decades-old, rubber-knobbed floors, cleaning tasks demand every skill the specialist cleaning companies possess. In this field, JÖST abrasives offers patented products which provide optimal solutions for the entire facility management sector. Included in the product range are the Abranopp®-Pads for the treatment of structured floor coverings, the proven, high-quality Superpad-Nonwoven discs and our series of floor processing machines including the Floor Sander and Floor Sander Junior that we developed in-house.

**FUNCTIONAL SOLUTIONS
FOR THE WIDEST VARIETY
OF REQUIREMENTS**

BLUE WAVE MELAMINE PAD

The difference between the **Blue Wave** sponge and conventional sponges is in the Blue Wave's unique structure. This reinforced structure is significantly extending its service life. Thanks to its rubber eraser effect, all kinds of stubborn stains and dirt such as heel marks on floors, pen marks on desks, calcified surfaces, car

windows and much more can be removed easily from smooth and hard surfaces - and no chemical agents are needed, only water! The **Blue Wave** cleaning sponge must always be used wet. It is not suitable for high-gloss surfaces and lacquer.

Available in different sizes and dimensions

USAGE SCENARIOS:

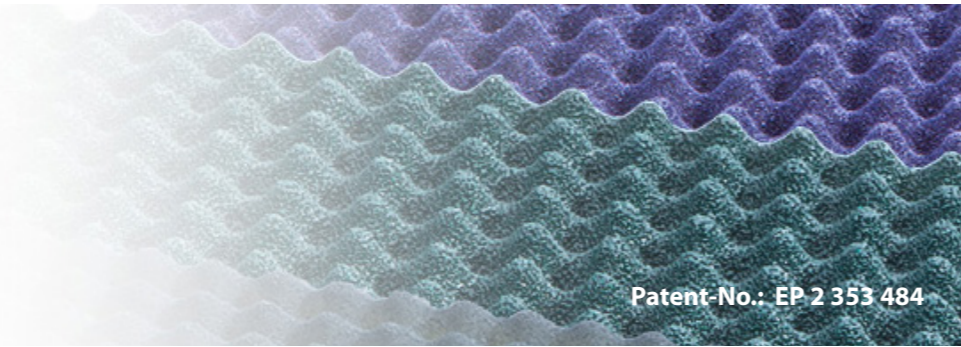

- Nubbed flooring
- Structured floors
- Hard coverings
- Solid surface material
- Parquet
- Tiles
- Rubber
- Plastic
- Marble
- Screed
- Natural stone

CLEANING PAD WITH AN UNIQUE WAFFLE

ABRANOPP® CLEANING PADS

The truly exceptional **Abranopp®-cleaning** system gets right into the heart of every single pore. Its unique design solves the problems involved in cleaning and maintaining structured floor coverings, a task for which it was specially developed. The Abranopp®-cleaning pads deep-clean hard floor coverings thoroughly, penetrating the deeper zones of the structured surfaces, beyond the limits of our renowned nonwoven discs and cleaning brushes. The size and shape of the Abranopp®-cleaning pads' nubs and abrasive particles can also be adapted to match your structured flooring, so the system will meet your cleaning requirements perfectly time after time.

ABRANOPP® WHITE

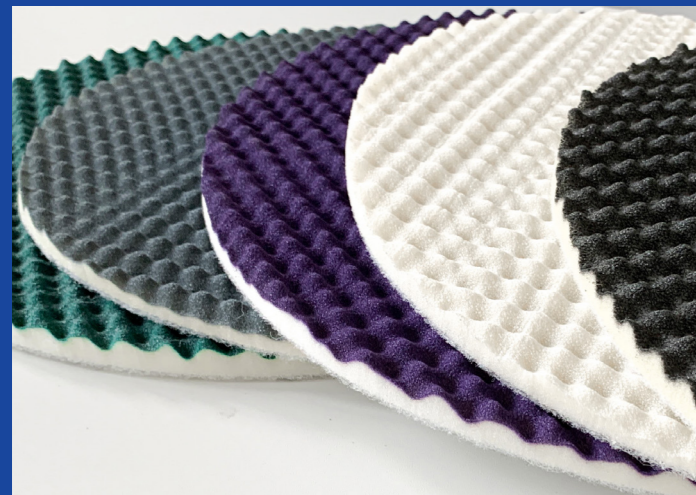

Abrasive-free pad for removing light dirt.

ABRANOPP® PURPLE

Pad with a very fine abrasive grain for the removal of adherent dirt and slight foot marks.

ABRANOPP® GRAY

Cleaning pad for maintenance cleaning of over-maintained floors.

USAGE SCENARIOS:

- Parquet
- Nubbed flooring
- Tiles
- Structured floors
- Hard coverings
- Wood

ABRANOPP® GREEN

Pad with a coarse grain, ideal for quick and thorough removal of old layers.

ABRANOPP® SPECIAL

Very coarse pad with special coating for extremely dirty floors, ideal preparation for new coatings.

ABRANOPP® CLEANLINESS DOWN IN EVERY PORE

BLUE MAGIC DUST BINDING CLOTH

The **Blue Magic dust-binding cloth's** special coating makes it ideal for collecting dust and loose dirt. In combination with our floor wiper, it's your ideal partner for removing dust and cleaning parquet and hard flooring. It's not called Blue Magic because it's a pretty name – this cloth **DOES** remove dust as if by magic!

These oil-free dust-binding cloths are available in various sizes and forms – for wiping by hand, as tear-off roll goods or for floor wiping in a "mop design". Dust motes all tremble in fear when they see the Blue Magic dust-binding cloths coming at them!

Tear-off, oil-free, dust-binding cloth with a high dirt-retaining capacity.

USAGE SCENARIOS:

- Natural stone
- Wood
- Plastic
- Hard coverings
- Parquet
- Tiles

MICROFIBER PADS

The new JÖST high-quality **microfiber pads** – made in Germany – give you outstanding cleaning results with an unsurpassed price-performance ratio. When the pads are used in combination with the JÖST Floor Sander and Floor Sander Junior eccentric cleaning machines, the treatment is intensive and results in a very clean surface. You can clean different materials using only water – no chemical agents. Each of the four different JÖST microfiber pads has its own unique characteristics: Thanks to

its small, integrated bristles, the gray microfiber pad is great for cleaning structured surfaces, while the white pad is ideal for scratch-sensitive surfaces. The microfiber pad white/blue is perfect for smooth and slightly structured floors. Our all-rounder is the blue/melange microfiber pad – it's top-class when it comes to cleaning carpets and coarser dirt and soiling on linoleum, parquet, rubber, stone and laminate floors.

MICROFIBER ROUND PAD

The small round microfiber pad dissolves even stubborn dirt and cleans sofas, carpets and armchairs with ease - and thanks to the matching Velcro plate, the pad will fit on all cordless drills available on the market.

USAGE SCENARIOS:

- Tiles
- Hard coverings
- Carpets
- Structured floors
- Nubbed flooring
- Parquet

GIVES STAINS NO CHANCE COUCHES • CARPETS • CUSHIONS

ABRAFLEX®-SUPERPADS

Whether basic cleaning or maintenance cleaning, the **Abraflex®-Superpad cleaning non-woven** comes in several versions with different sizes. It is longer lasting, faster in the application, extends the life of floor coverings and protects your floor cleaning machines. The Abraflex® pads guarantee better cleaning results and offer a longer lifetime, improved performance and an excellent machine stability. **Abraflex® Maroon pads:** The chemical-free solution for the partial or complete removal of floor coatings.

ABRAFLEX® SUPERPAD WHITE
Without abrasive grain

ABRAFLEX® SUPERPAD BEIGE

ABRAFLEXNOPP® RED
Slight abrasiveness

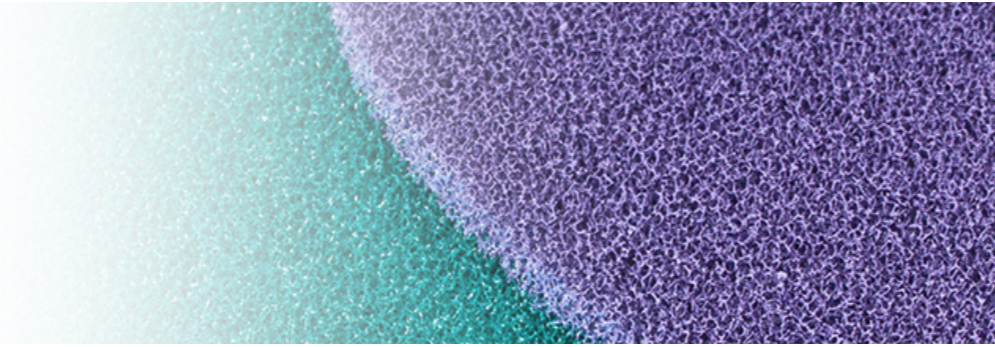

ABRAFLEXNOPP® GREEN
Medium abrasiveness

ABRAFLEXNOPP® BLACK
Strong abrasiveness.

USAGE SCENARIOS:

- Structured floor
- Nubbed flooring

TAKEIT® NORMAL PAD

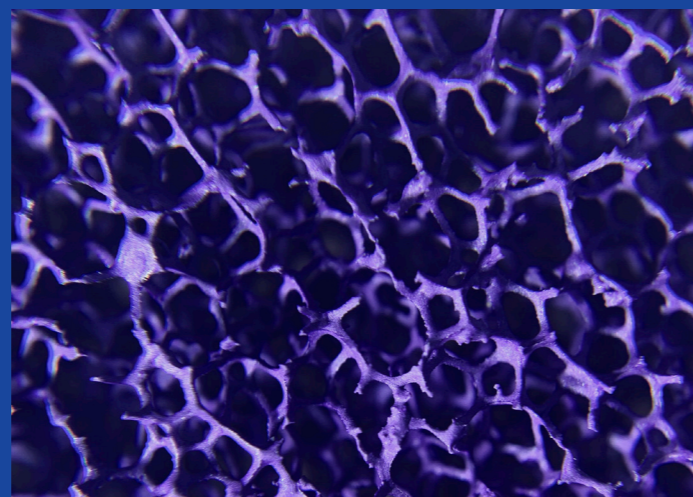

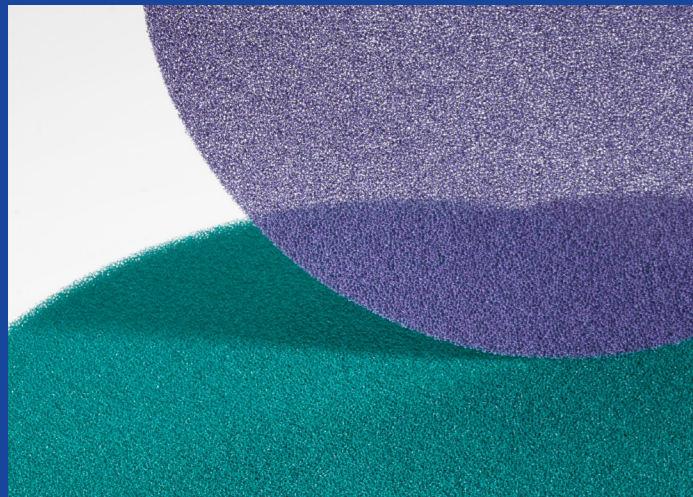

Thanks to its open structure the takeit® normal pad has an extremely high intake capacity for dirt - so it is especially suitable as a dust storage pad for our multihole Superpad P abrasive for machines without dust extraction. It is also excellently suited for the oiling and waxing of wooden surfaces - during sanding, the oil or wax is equally distributed over the surface and staining is prevented. The incorporate grains also smooth the wooden surface - and the results are truly superb.

SHEEP WOOL PAD

The sheep wool pad is suitable for polishing sealed oiled parquet, marble, granite and vinyl and for working polishing paste into matt marble, granite lacquer and wood surfaces to achieve a high gloss after polishing. It is made of pure new wool and is free of binding agents and synthetic fibers. Our sheep wool pad is bio-degradable and compostable. It creates a fantastic gloss and shiny surfaces. It is only to be used for finishes.

The sheep wool pads are available in different sizes and dimensions.
