

purana

turkey tail 8:1

per capsule

500mg organic 8:1 turkey tail extract

4 gram crude equivalent

60 capsules per bottle | 60 day supply

NPN 80112726

On label benefits

Source of fungal polysaccharides with immunomodulating properties.

Fungal polysaccharides are cell wall components of mushrooms. Immunomodulating properties mean they support the immune system's response to help the body fight infection and disease.

studied benefits of turkey tail

immune support | gut health

- Contains polysaccharide peptide (PSP) and polysaccharide krestin (PSK). Both PSP and PSK have the ability to modulate inflammation, immunity, and hematopoiesis (the formation of blood cells). Other pharmacological activities of PSP/PSK include analgesic, antimicrobial, antiviral, and antioxidant.
- Used to help repair immune cell damage caused by chemotherapy and strengthen the immune system.
- Prolongs the activity of antibiotics and increases sensitivity in antibiotic-resistant bacteria.
- Promotes a healthy gut microbiome, supporting the immunological barrier that helps the immune system to protect against disease.
- Used in traditional Chinese medicine to treat lung diseases.

All functional mushrooms include immune-boosting properties and the presence of beneficial substances like:

- fungal antioxidants: neutralize free radicals that are responsible for damage to DNA, cell membranes, and other parts of cells
- fungal polysaccharides: benefits include anti-tumor, immunomodulatory, anti-inflammatory and anti-viral properties
- fungal beta glucans (a type of polysaccharide): have been found to support immune activity by activating leukocytes (white blood cells) to help fight viruses, infection and disease

Medicinal Ingredients

Serving size: 1 capsule (530mg) / Servings Per Container: 60

Amount per capsule/Quantité par capsule

Organic Turkey Tail (Trametes Versicolor)	500mg
8:1 Water & Alcohol Extract	

Organic Lion's Mane (Hericium Erinaceus)	30mg
1:1 Water Extract	

Non-Medicinal Ingredients: Hypromellose (capsule).

Suggested Use: Take one capsule once daily.

- ✓ Non-Gmo
- ✓ Gluten Free
- ✓ Vegan
- ✓ Keto

Guarantee: This product is made with 100% fruiting bodies. There is no added starch, grains or mycelium.

Consult a doctor prior to use if you are pregnant or breastfeeding.

Store in a cool, dark place with lid securely closed.
