

Instructions: General ITH Keychain 4x4

1. Gather materials

- Embroidery vinyl
- Coordinating embroidery thread colour
- Masking tape
- Snap tabs & snap tab press

2. Cut out vinyl pieces

- ~2x 3x5" ** embroidery vinyl (1 for front, 1 for back)

**may vary by design

3. Load design file on to your machine. Run first stitch (placement stitch) on your stabilizer.

4. Place first vinyl piece over stabilizer with right side up and wrong side against stabilizer, making sure to completely covering stitch outline and tape into place.

5. Run next stitches for primary design – all but the last stitch in the file.

6. Remove hoop from machine, turn over. Place second piece of vinyl over back of hoop, wrong side against stabilizer and right side up, completely covering stitches. Tape into place. Return to machine.

7. Run final stitch to combine sides of keychain.

8. Remove from hoop, trim excess stabilizer and vinyl, leaving 1-2mm of vinyl between raw edge and combining stitch.

9. Add snap-tabs in coordinating colour, following instructions of your snap tab applicator.
