## IDENTIFICATION

Product Name	Bio-One – Beneficial Microbe Inoculant
Other Names	None
Manufacturers Product Code	None allocated
UN Number	No dangerous goods class allocated
Use	Soil Additive – used to promote nutrient transfer and protect roots from disease
Poisons Schedule Number	Non-Hazardous

## PHYSICAL DESCRIPTION/PROPERTIES

Appearance	Brown liquid with a mild, sweet odour
Boiling Point	120°C
Vapour Pressure	Not available
Specific Gravity	1.0 – 1.1
Flash Point	Not available
Flammability Limits	Not combustible
Solubility in Water	Fully miscible
pH	3.0 – 4.0

## INGREDIENTS

Biological and organic compounds – including beneficial lactic acid bacteria

## FIRST AID

Skin Contact	Wash with soap and water
Eye Contact	Flush with water using an eye bath
Inhaled	None
Ingestion	Drink large amounts of water and consult a physician

## PRECAUTIONS FOR USE

Exposure Standard	This product is not explosive
Engineering controls	Non available
Personal protection	Good working practice suggests the use of goggles and gloves
Flammability	Non-Flammable

## SAFE HANDLING INFORMATION

Storage and Transport	Store in HDPE containers in a cool, dry place (ideally between 2°C and 25°C) Do not expose to direct sunlight and keep out of reach of children
Spills and Disposal	Disposal should be in accordance with local, State and Federal legislation
Fire/Explosion Risk	This product is not explosive
