## 2024 COMMISSION INFORMATION

In order for the commission process to begin, I ask that each client reference a previous piece of my work to use for inspiration, send photos of the intended space for the commission and the chosen color palette. I am happy to work with the client on colors and specific needs.

Commissions require a 50% deposit to be paid by invoice and a signed contract to initiate the project. An initial consultation via phone will take place to obtain all details and to ensure the artist and client are on the same page. Proposed sketches will follow. Unless otherwise specified, the artist requires a year for working time. The artist allows the client to review the piece and make one round of edits. For commissions, I prefer to work on gallery panels that are 2" in depth. Please see a list of size & price options to the right.

Please note, white glove delivery will be necessary on pieces of this size and value. The shipping costs are included in the prices listed to the right.

### INVESTMENT LEVELS

48" x 72" | \$25,045

Triptych: A painting created in 3 parts on three of the same sized wood panels to be hung together or slightly apart.

All of Dorothy's paintings will be sealed twice to ensure protection of the art and to ensure the art will withstand the test of time.

\*Custom sizes larger than 48" x 72" will have to be custom built.
