

THE SWITCH A-ARM

Now with Smart Touch Technology.

What is the A-Arm?

FULLY AUTOMATIC

Operate from the forklift with a remote control

SIMPLE & SAFE

No need for the operator to attach & cut the film

ALL ELECTRIC

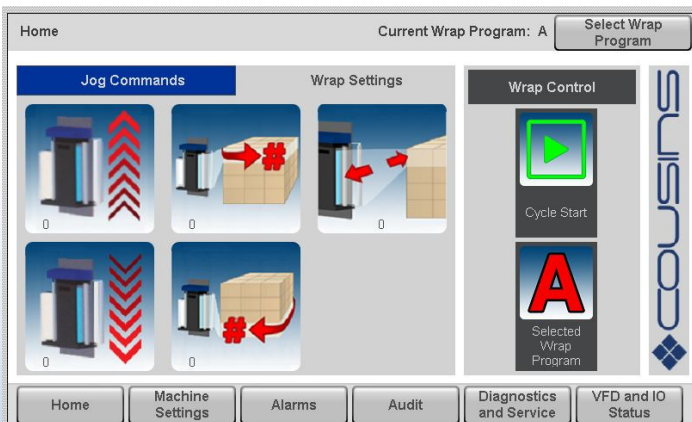

No air requirement or noisy compressors

AFFORDABLE

Fits any budget – quick ROI with automation

What's in our new Smart Touch Control Panel?

- Easy-to-use interface with powerful diagnostics and film auditing capabilities.
- 7" color touch screen
- Control options to optimize film usage
- Ability to customize for different loads and to store that information for future use
- With only two inputs (film cost and roll length), it provides instant cost to wrap

ACTIONABLE INFORMATION AT YOUR FINGERTIPS

- ✓ Diagnostics
- ✓ Production Data
- ✓ Wrap Programming
- ✓ Manual Controls
- ✓ Data History
