

THE ALLOY SERIES: THE PILOT

Features & Benefits

- ◆ New streamlined and stronger alloy mast uses less materials for easy maintenance while reducing the carbon footprint.
- ◆ Unique operator friendly control panel design with film carriage safely mounted on opposite side of tower away from the operator
- ◆ Super Intelligent Controls: A – B – C wrap program selector with capability to input and store unique wrapping parameters for each program
- ◆ Precision gear driven powered pre-stretch film carriage with 200% fixed stretch capability.
- ◆ Descent Obstruction Plate - stops the film carriage descent if an obstacle is detected

Machine Specifications	
Maximum load weight	4000 Pounds
Maximum load size	50"L x 50"W x 80"H (71" diagonal)
