

# Intelligent Automation All in One Place

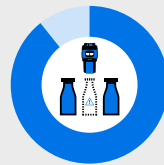

One vendor, one portfolio with one platform

Industrial automation is the future of the supply chain. Why not transform operations with one solution? Zebra offers a unified platform from a single vendor for fixed industrial scanning to machine vision. It's the smart way to automate today to operate on the edge of innovation tomorrow.

## Vision Data

will deliver between **\$1.2 trillion** and **\$3.7 trillion** in potential value by 2025<sup>1</sup>

## Machine Vision

improves manufacturing defect detection rates up to **90%**<sup>2</sup>

## A Single Portfolio, A Smart Investment

1

### Forward-looking innovation

Built to adapt to new needs and ever-changing demands, it's modern technology that matches your evolving purpose today, tomorrow and long-term

2

### A win-win for the entire operation

Managers love the intelligence, IT loves the simplicity, the c-suite love the flexibility and long-term value, and the frontline loves the freedom from repetitive tasks

3

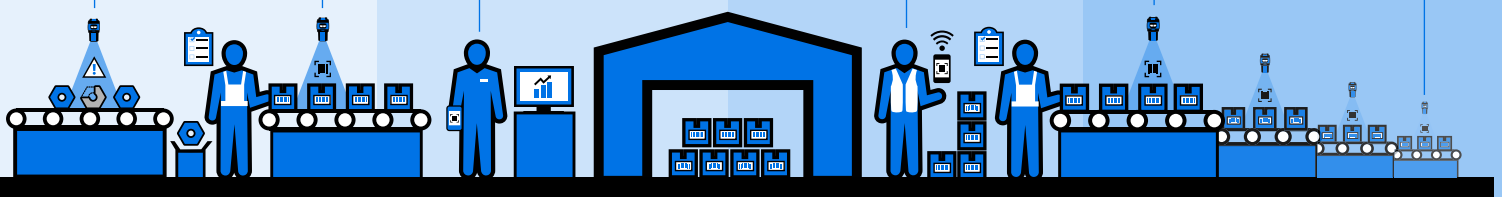

### Interoperable

From communication to how it's powered, make automation what you want and how you want it – without restriction

4

### Scalable

Buy only what you need today, and upgrade to whatever capabilities you need in the future, without having to rip and replace

5

### An industry leader

The leader you need, the one you can trust

**50+**

### years of innovation

A company you can count on today... and tomorrow

### Global reach

Support in virtually every corner of the world...

### 100 offices

in over 45 countries

### #1 Enterprise Mobile Computing

### #1 Barcode Scanning

### Global Indoor Location Services Leader

## One of a Kind:

One vendor with the broadest portfolio that features a single fixed industrial scanner and machine vision solution with one hardware platform and one software platform – only from Zebra – to support multiple applications including:

Presence / Absence / Sorting

Traceability

Quality Control

Measurements

**“Computer vision is an untapped opportunity lying on our industrial doorstep” -Forbes**
