

the products

Amelie Hicks, senior designer, Studio McCORMACK

Product: Reclaimed wine barrel wood from the Vintage Wood Floor Company

Where used: TAP Sports Bar at MGM Grand Las Vegas and Pizza Nova, Newport Beach, California

Why: Using reclaimed material is nothing new, but the wood is something rarely seen and has a great richness to it. Whether used for a tabletop or bartop, it tells a story of where it's been while also having the ability to absorb the day-to-day abuse from restaurant patrons.
