

Alpha LED Pool Lights

# POOL GLOW SM150

## CHOOSE YOUR AMBIENT LIGHTING

Available in 16-pre-programmed light scenes

### RGB 18W, White or Blue 21W Insert Light

Replaces many market-leading pool lights as a simple insert, surface mounted light for swimming pools, spas and water features. It is completely leakproof. Light is 250% brighter than regular underwater lights, with more light scenes built into the program. Light can be remote control activated or via a switch. Available in polycarbonate or stainless steel.
