

AutoSky⁺

Setting up your Account

TRACK ANYTHING ANYTIME **ANYWHERE**

Thank you

for trusting us with your safety!

Before you start:

Take note of your devices serial number, you will need it to activate it on the App.

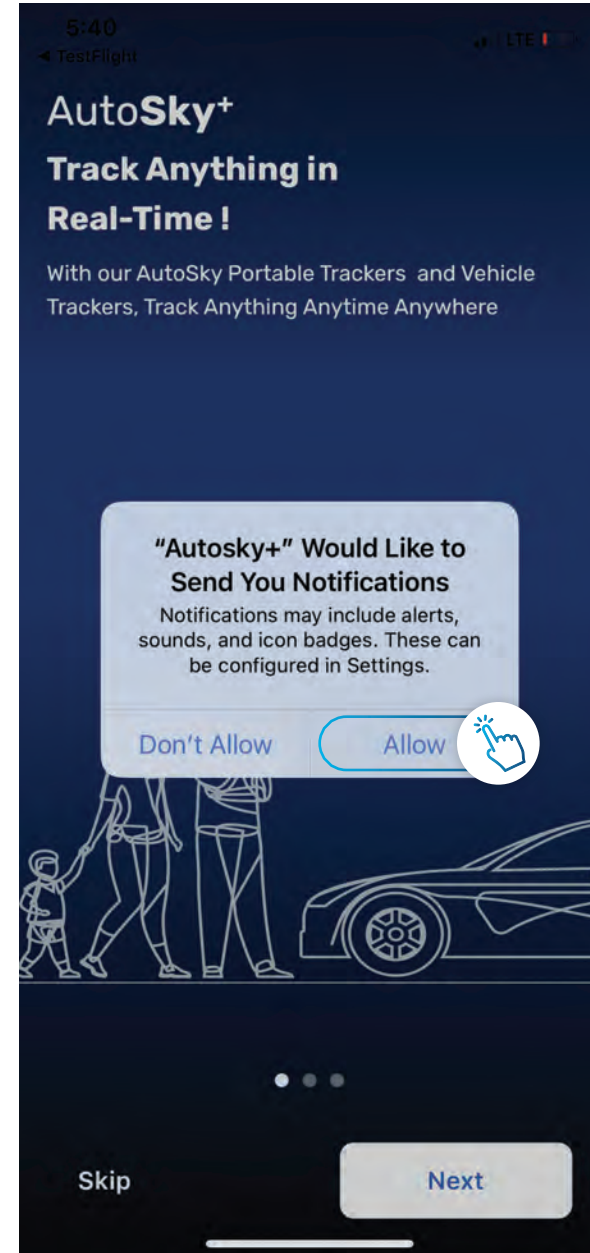

Download the App Auto**Sky**⁺

1

Once downloaded Auto**Sky**⁺ select your notification choice.

We suggest that you enable notifications so that you are always aware of what is happening with your vehicle/tracker.

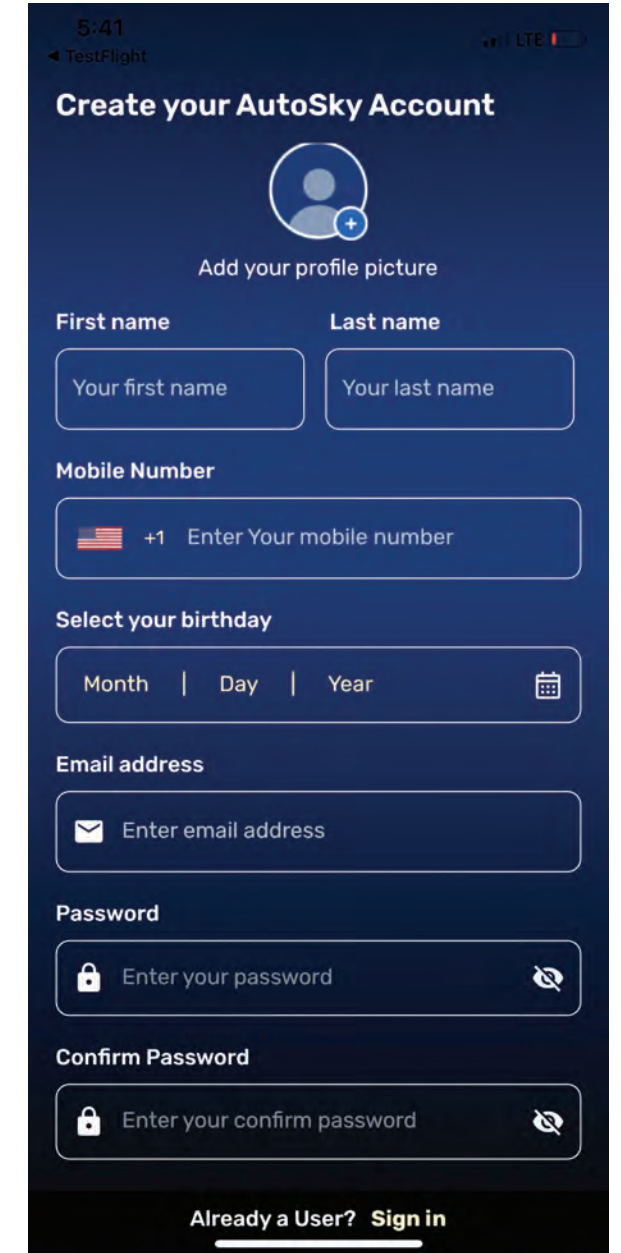

2

Select **Get Started** to create you Auto**Sky**⁺ Account or **Sign In** if already have one.

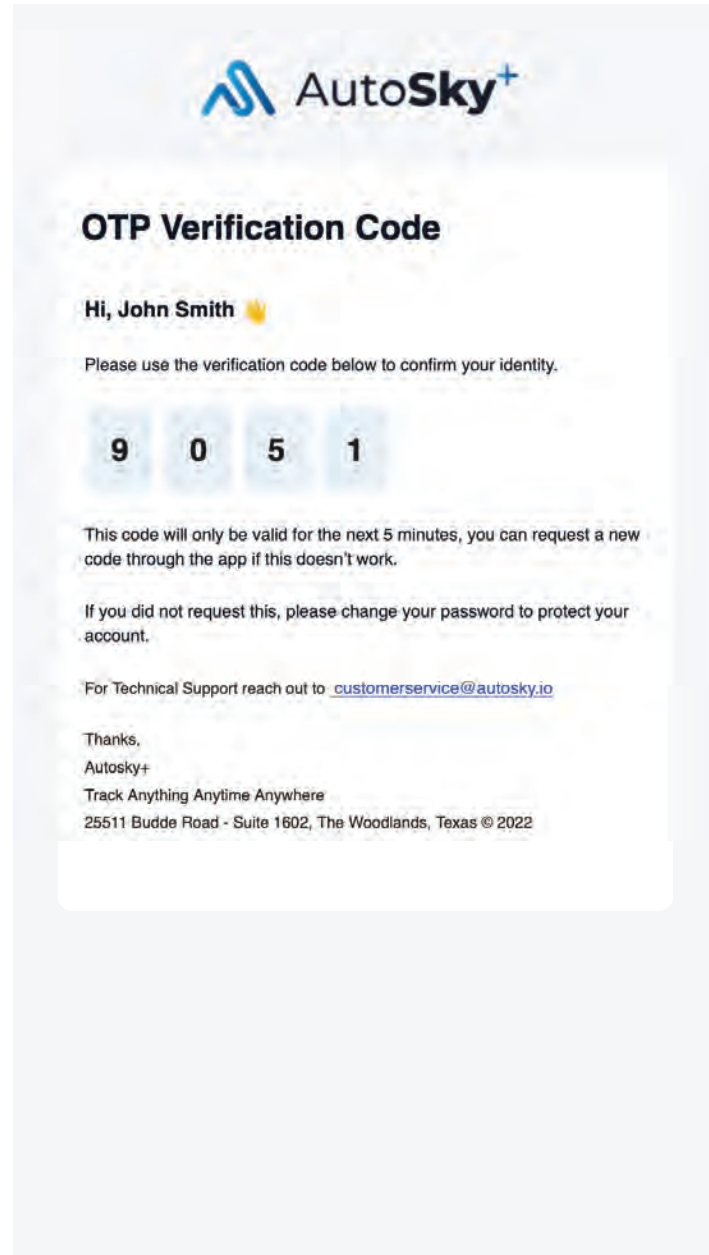

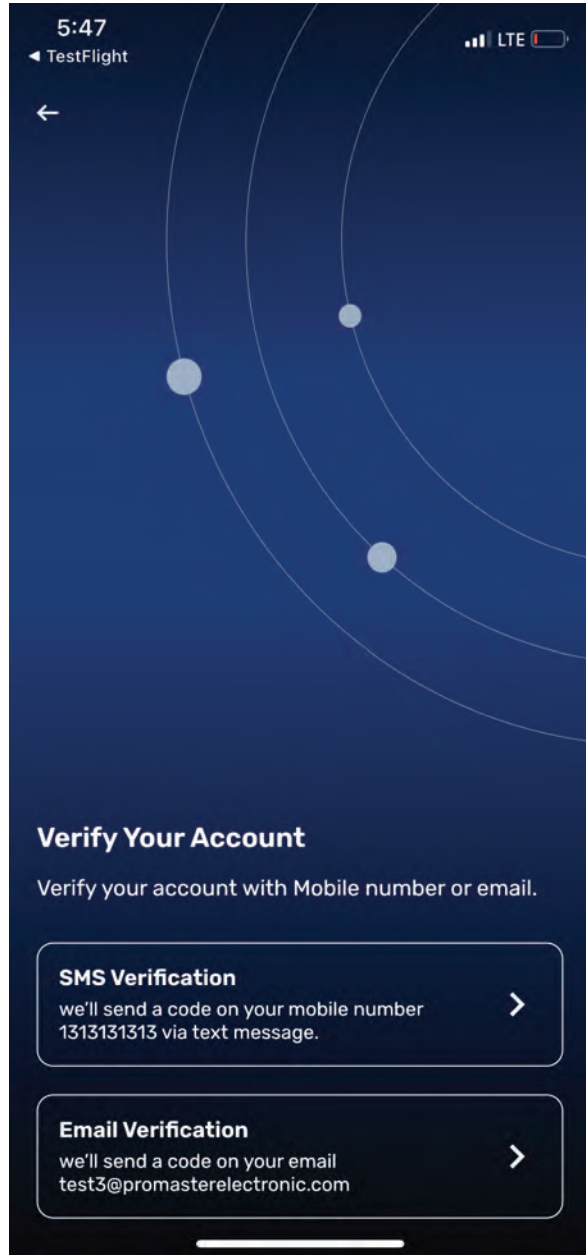

3

Fill in all the fields of the form with your information.

4

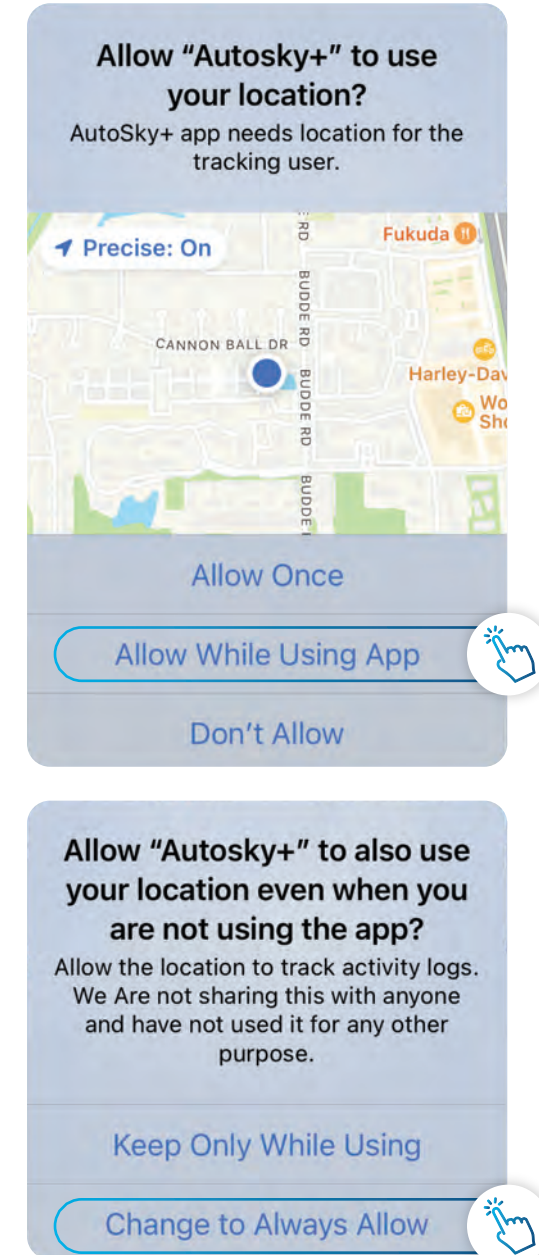

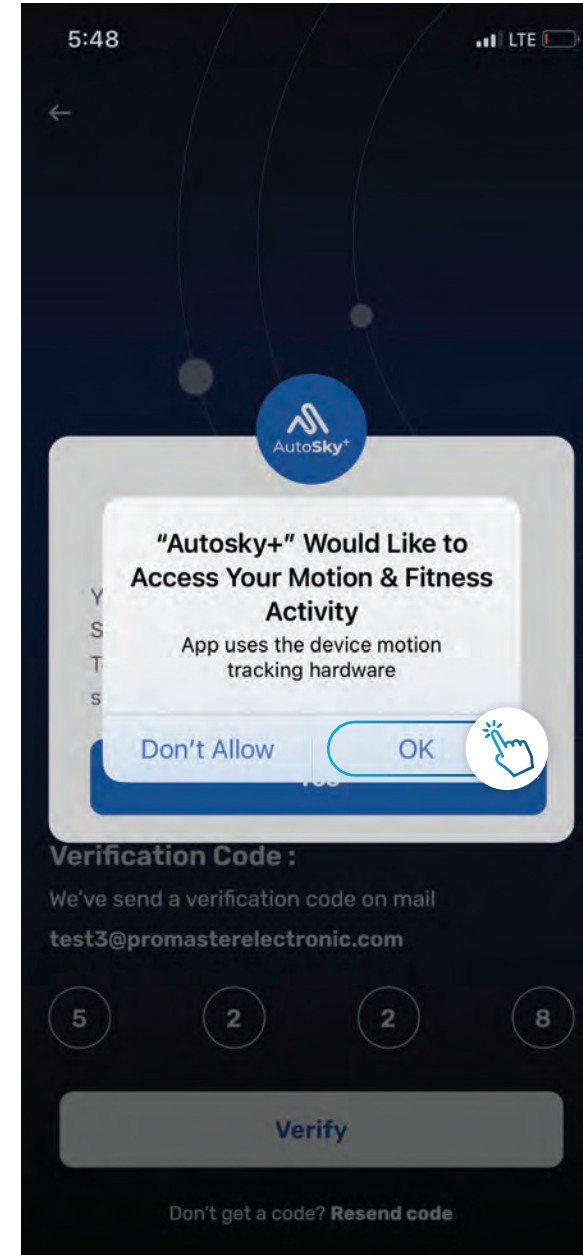

Select how you want to Verify your Account, you will receive an **OTP Verification Code** that you will have to enter on your App.

5

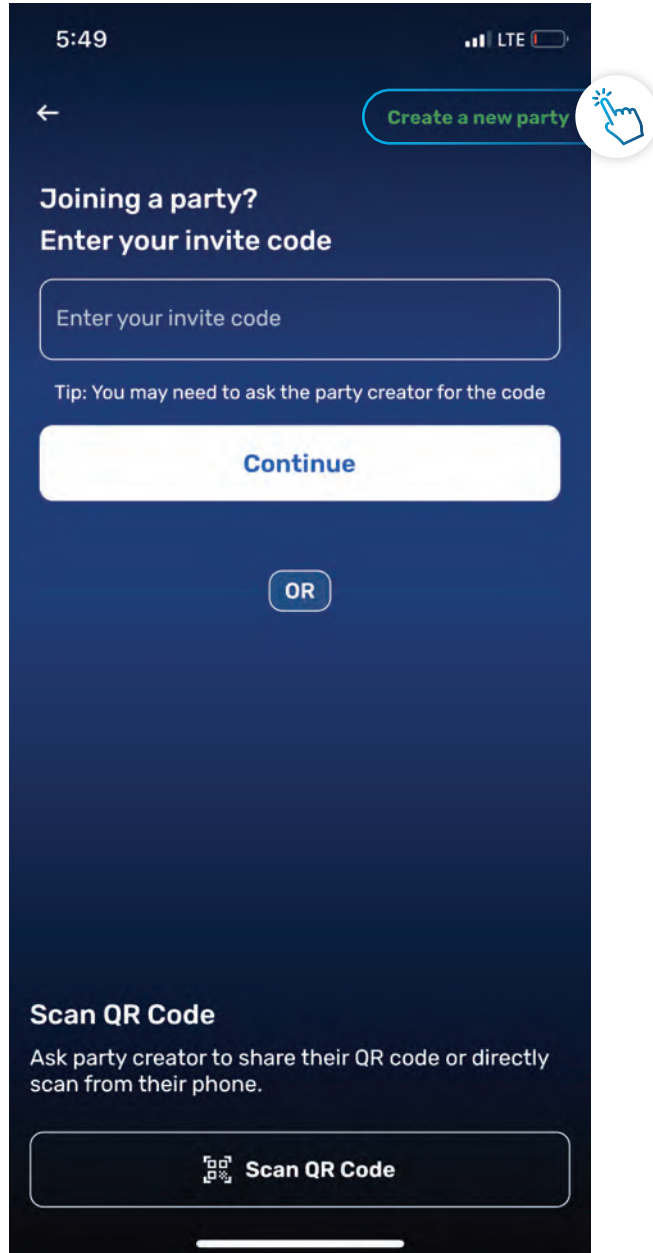

Select your preference on the following pop-ups.

We suggest that you enable **Motion & Fitness Activity, Allow While Using App & Change to Always Allow** if you want you and your party to track your phone's location accurately. However this option does not interfere with the location of your **AutoSky** trackers.

6

If you are joining a Party enter or scan the code, if not press **Create a new party**.

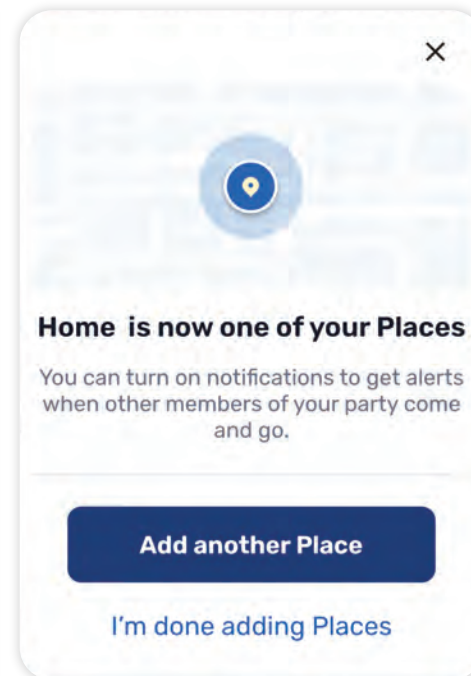

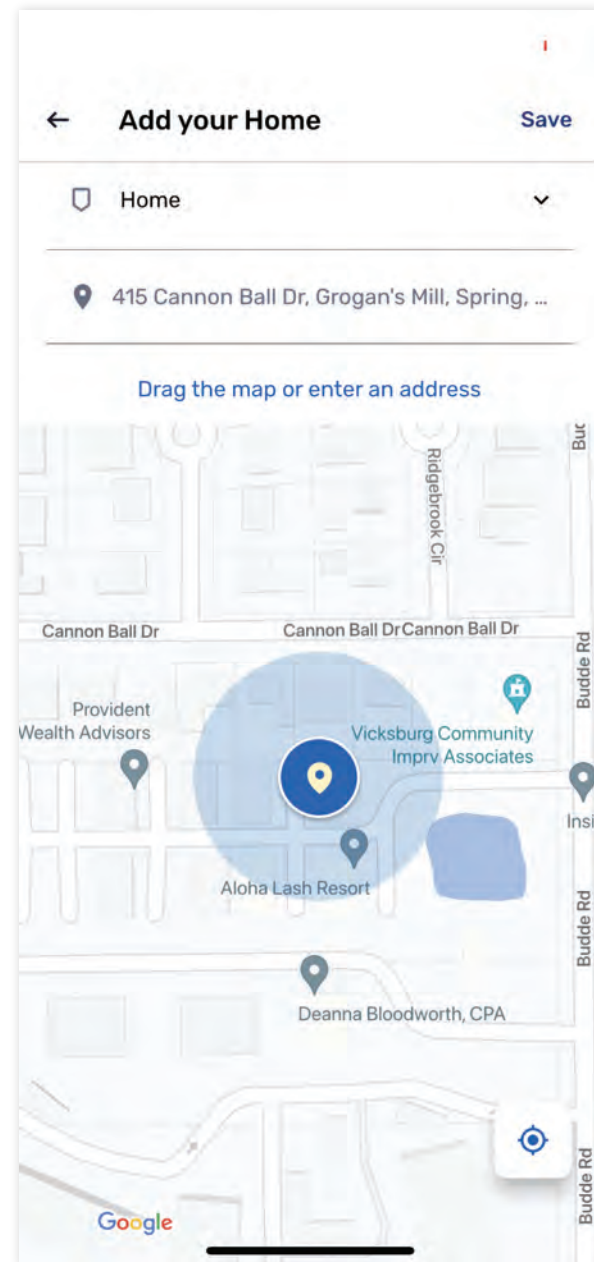

7

Give your **Party a name**, continue and **Share your code** with your friends & family by asking them to scan the code with their phones or by pressing **Share code** to send an invite, so you can always have track on where your loved ones are.

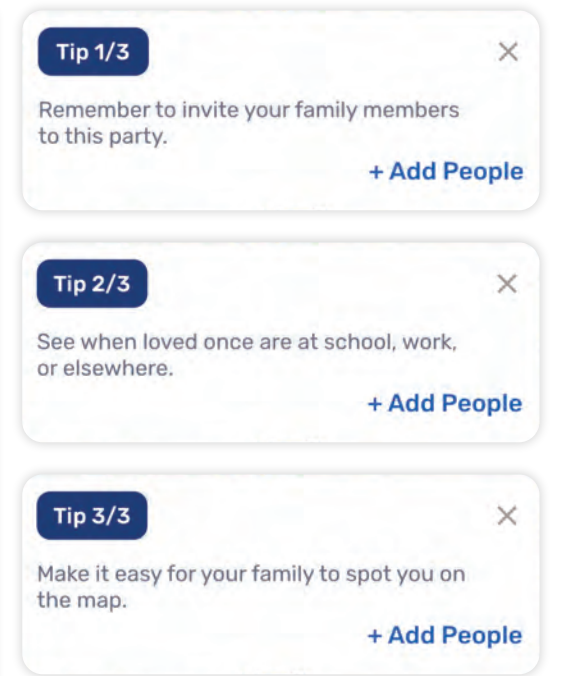

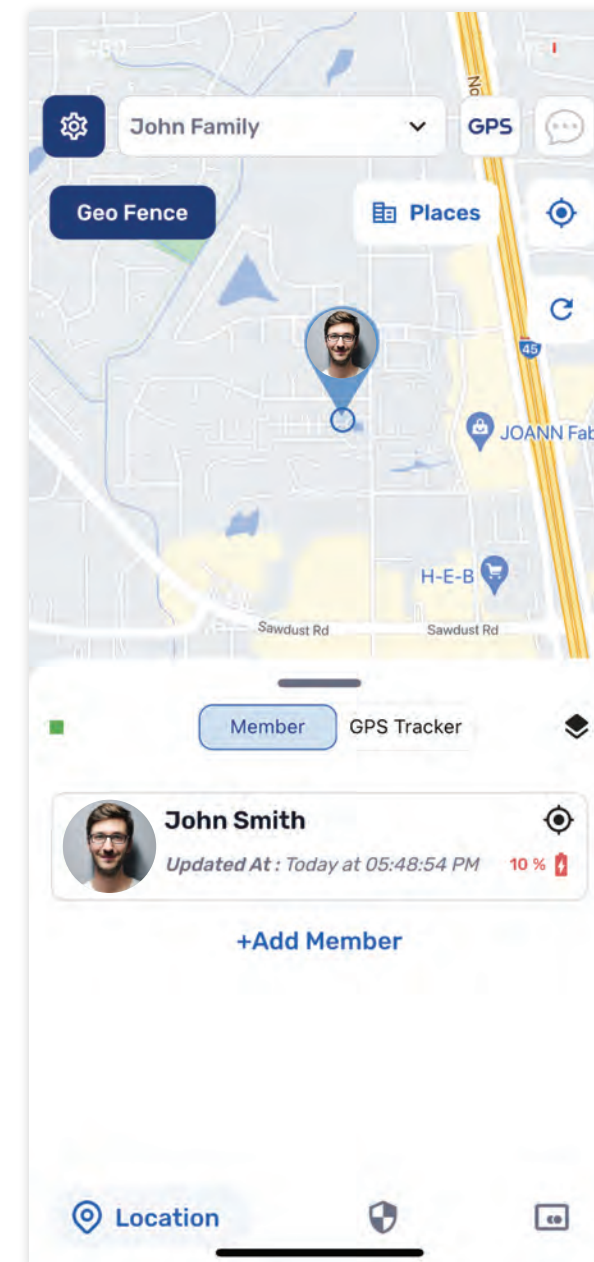

8

Add your places so you can easily locate them on the map, just move the map around an place the pin at your desired location or type the address.

9

You have successfully set up your account, remember some important tips, as inviting your family members or creating Geofences and start enjoying AutoSky+

Quick look

to AutoSky+ features.

Our user friendly interface allows you to find everything you need easily, however, we gathered some key features so you can understand it from the very first time.

Suscription Management

Add your tracker

For OBD II GPS Tracker

Before you start:

Take note of your devices serial number, you will need it to activate it on the App.

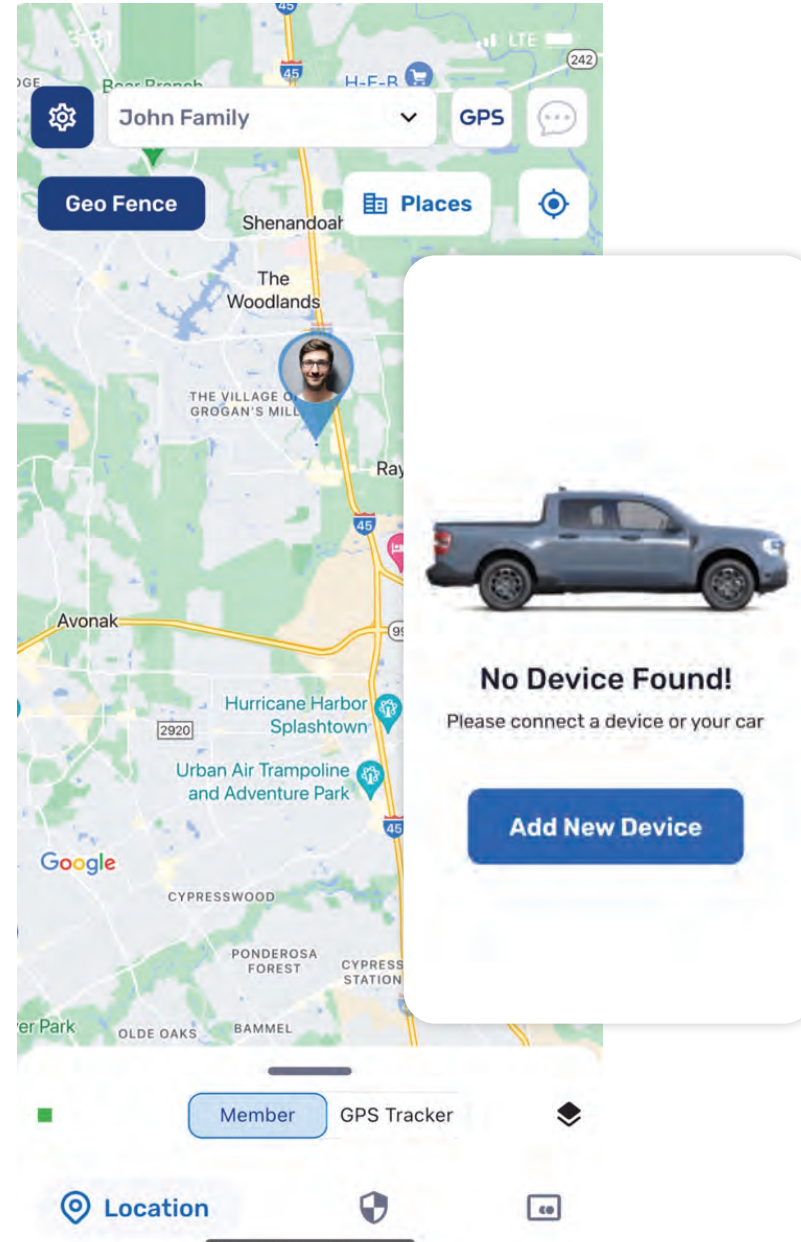

Locate your vehicle's OBD II port under the dashboard, beneath the steering wheel typically located on the left side.

Insert your device with the label facing up.

1

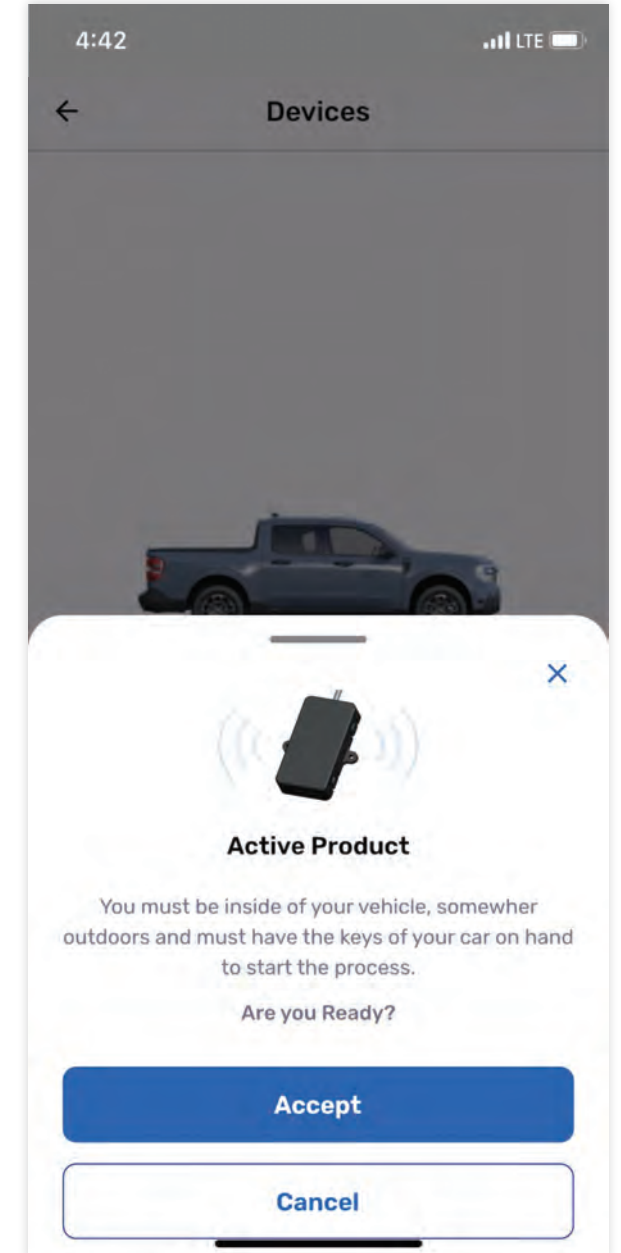

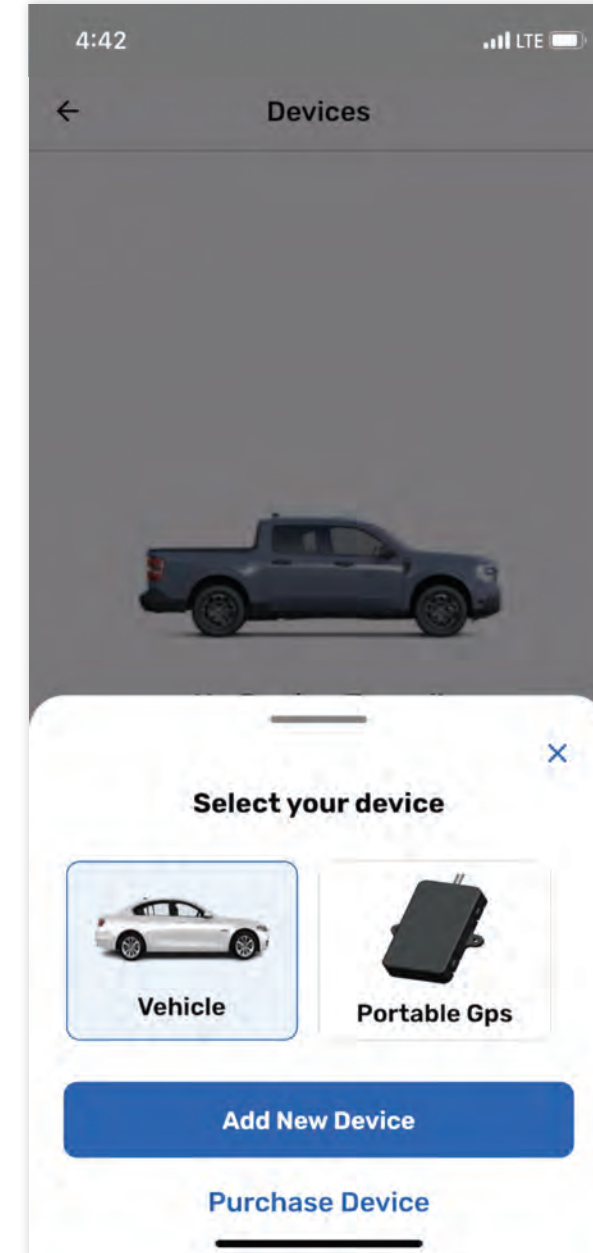

On the home menu tap **GPS** and select **Add New Device**.

2

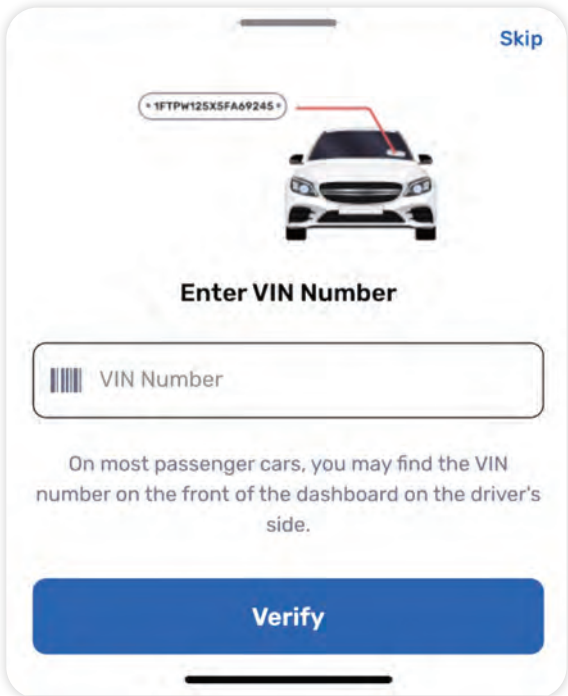

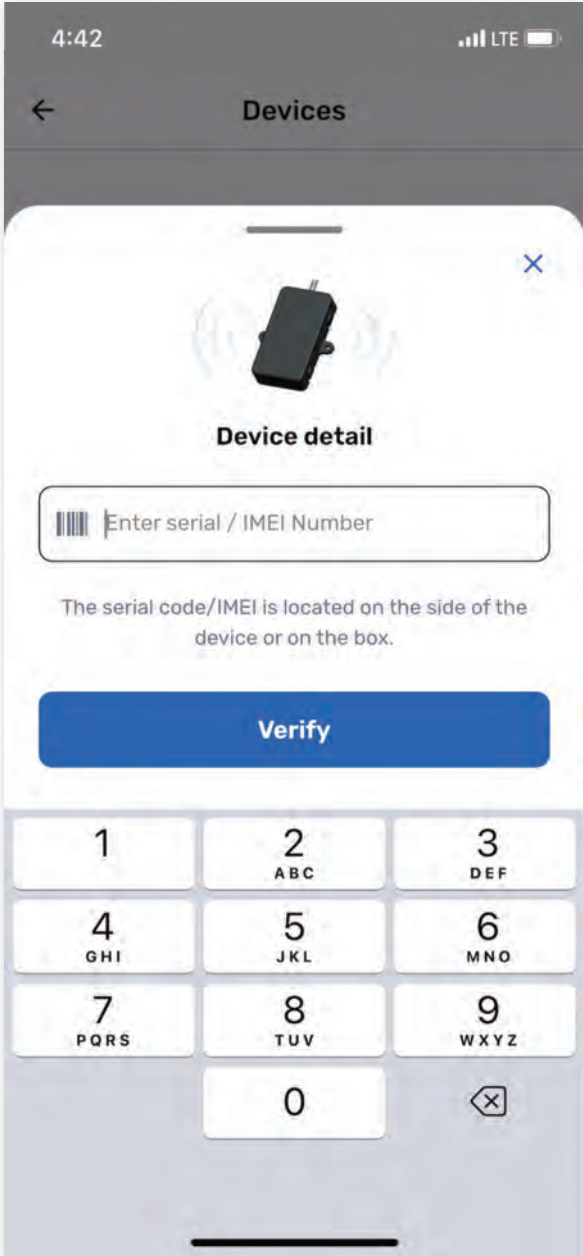

Select **Vehicle**, read carefully and **Accept** if you are ready to begin the activation process.

If you don't have a device you can purchase one, selecting **Purchase Device**.

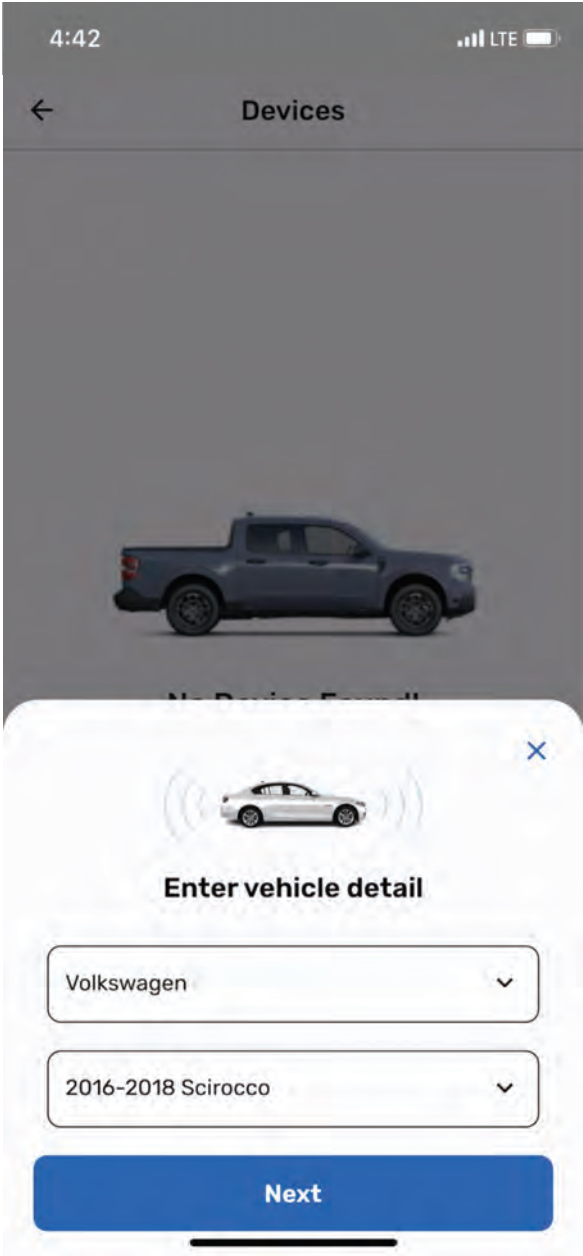

3

Type the Serial Number of your tracker, located on your device, box and manual.

4

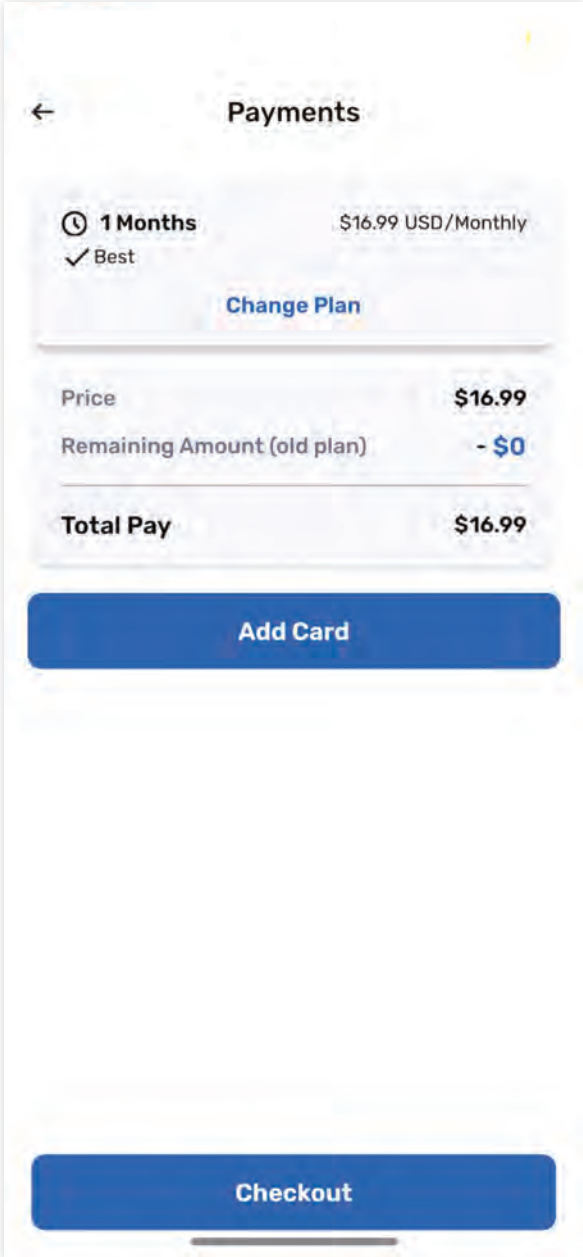

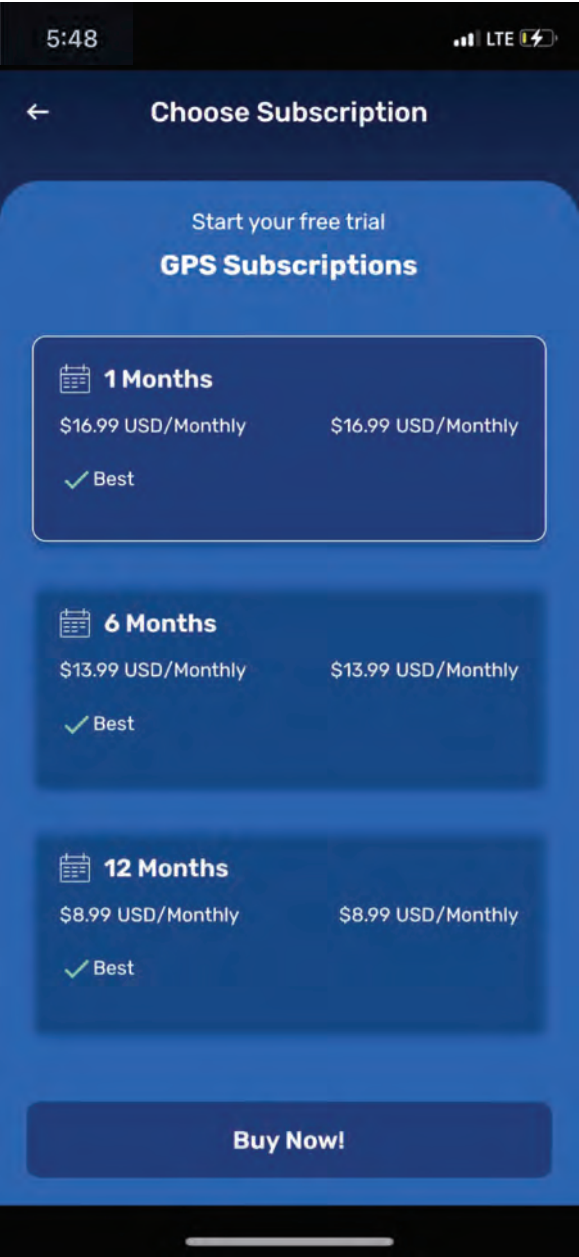

Select your vehicle's brand and model and save the image if correct.

5

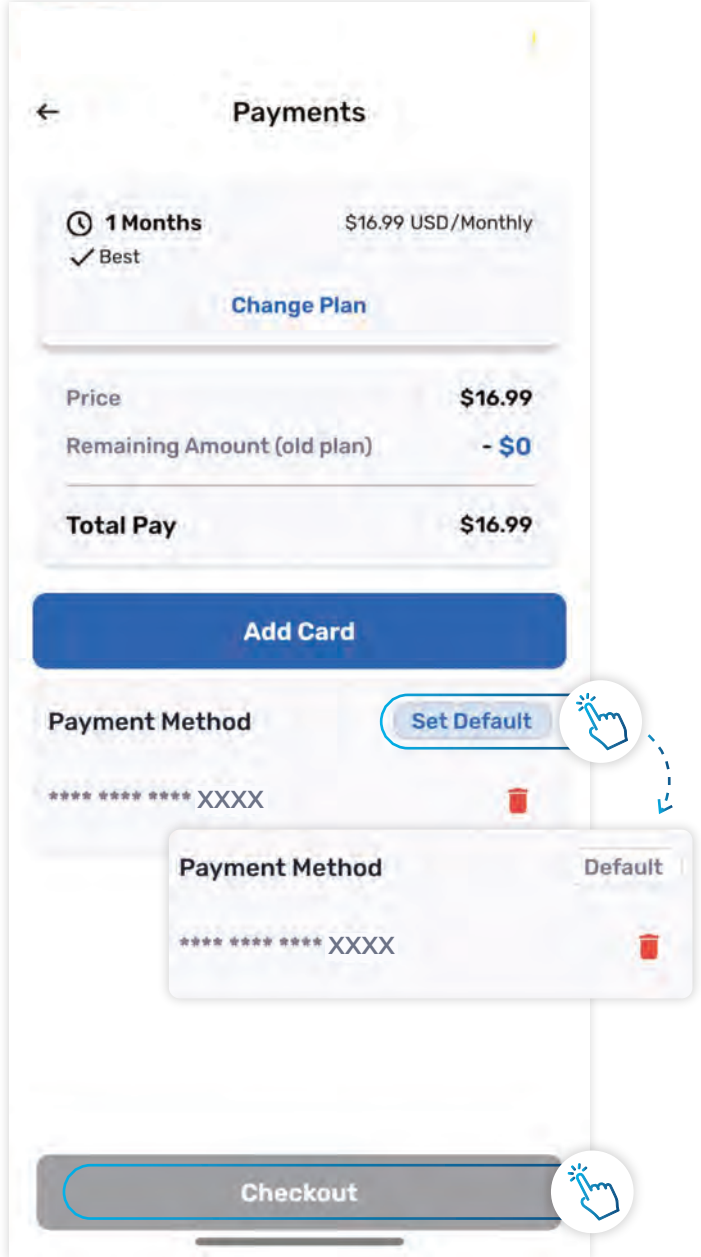

Select the subscription plan that better fits your needs and **Add Card**.

All subscriptions are prepaid, when selecting 6 or 12 months, the total amount equivalent to the selected months of service will be charged at the established price.

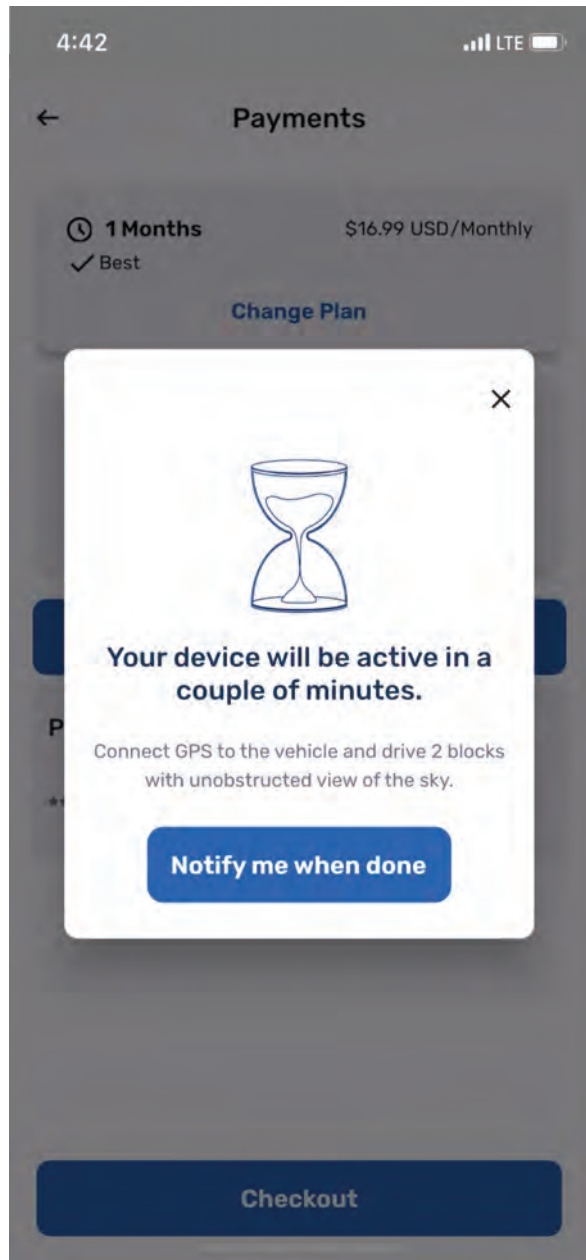

6

Enter your Card details, set your Payment Method as default and proceed to **Checkout**.

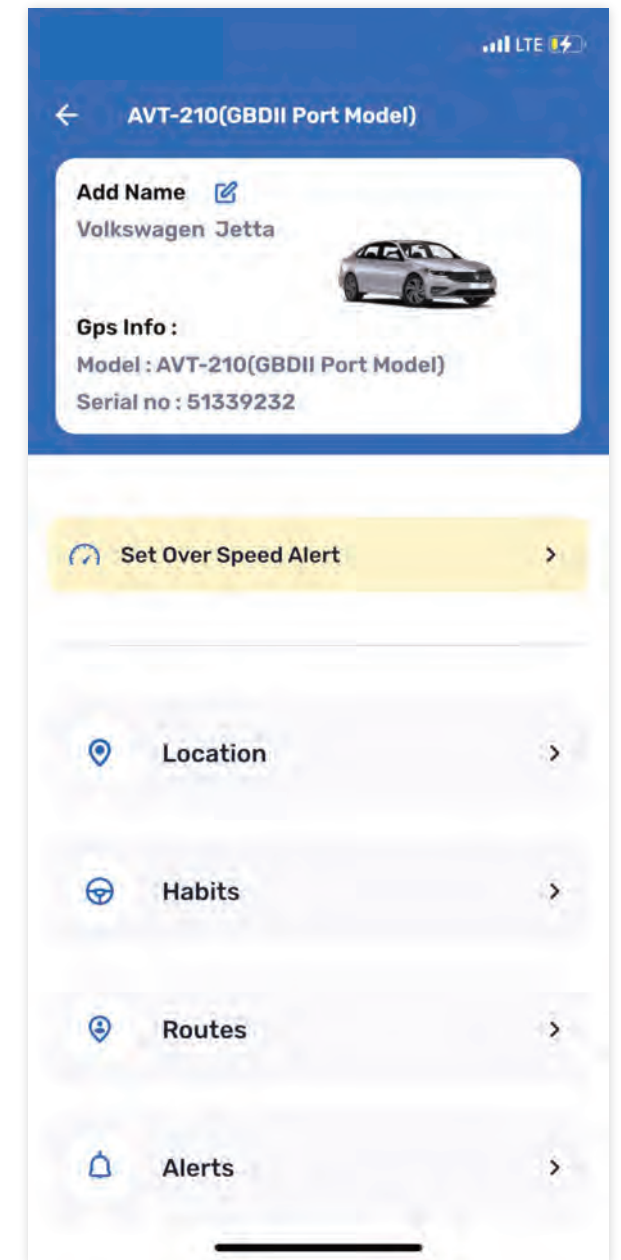

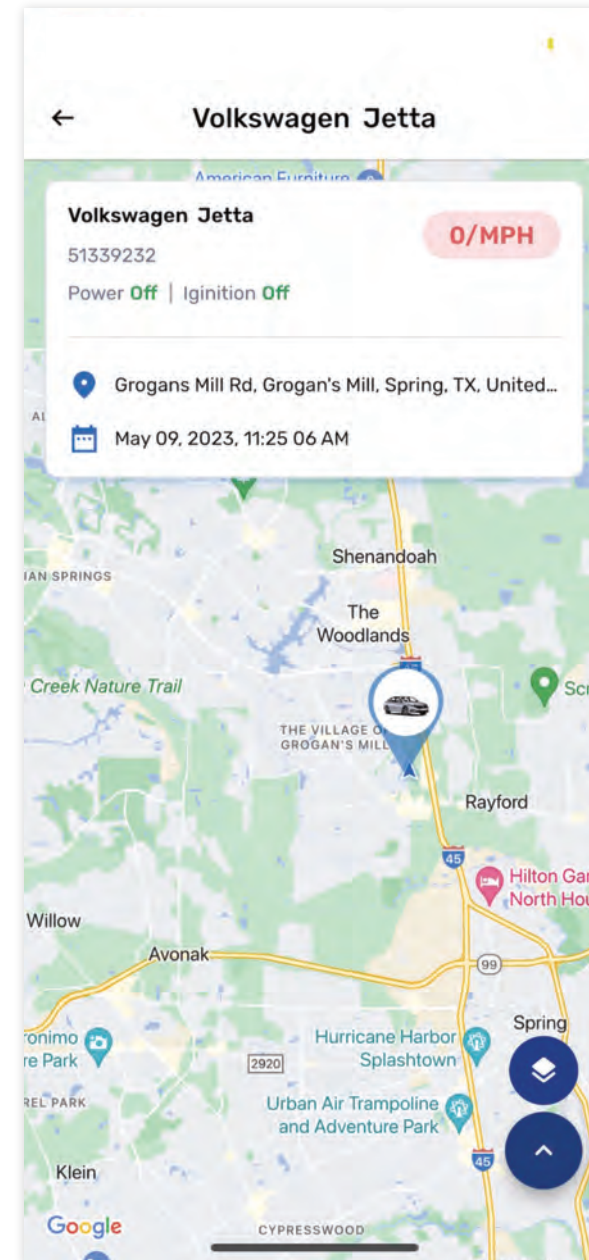

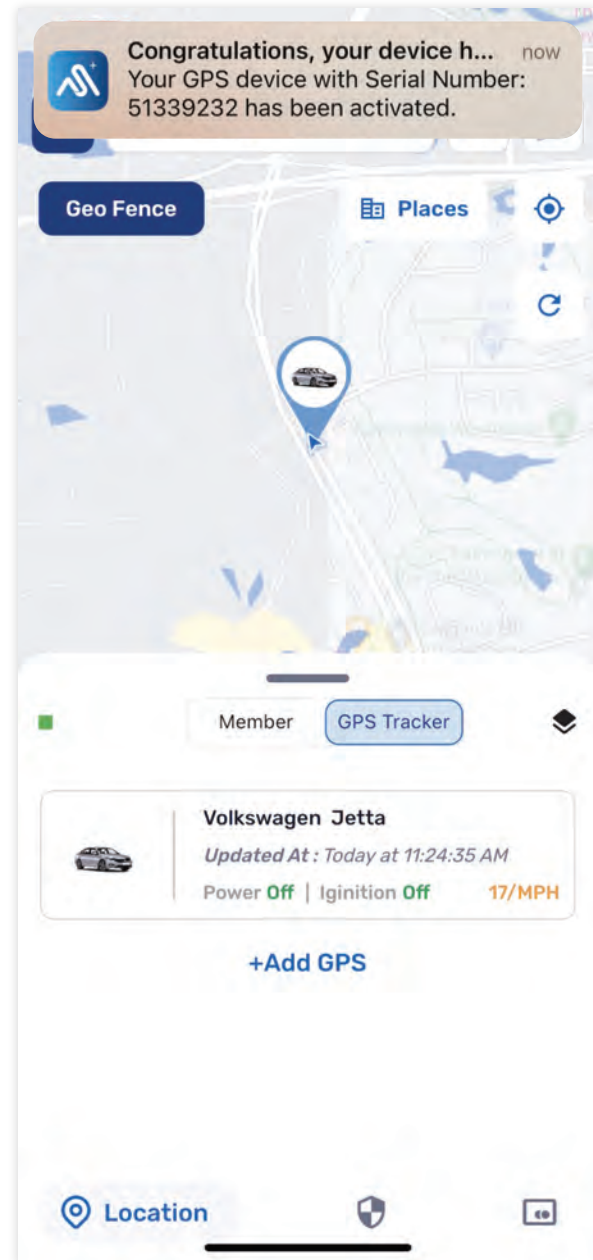

7

Once your payment is approved your device will activate, it may take a few minutes so select **Notify me when done**.

8

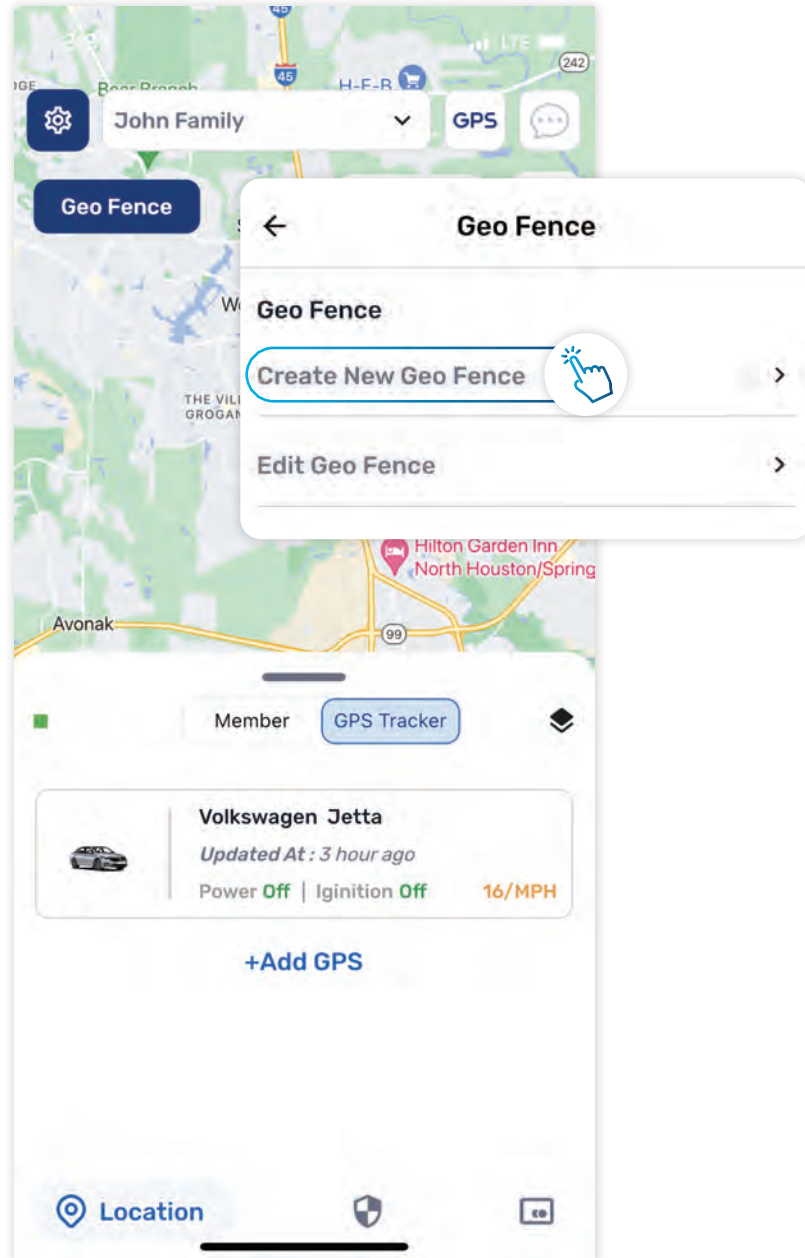

When your device is activated you will be able to locate your car on the map, set OverSpeed Alerts, consult your Driving habits and routes, set alerts and more. **Enjoy!**

Creating a Geo Fence

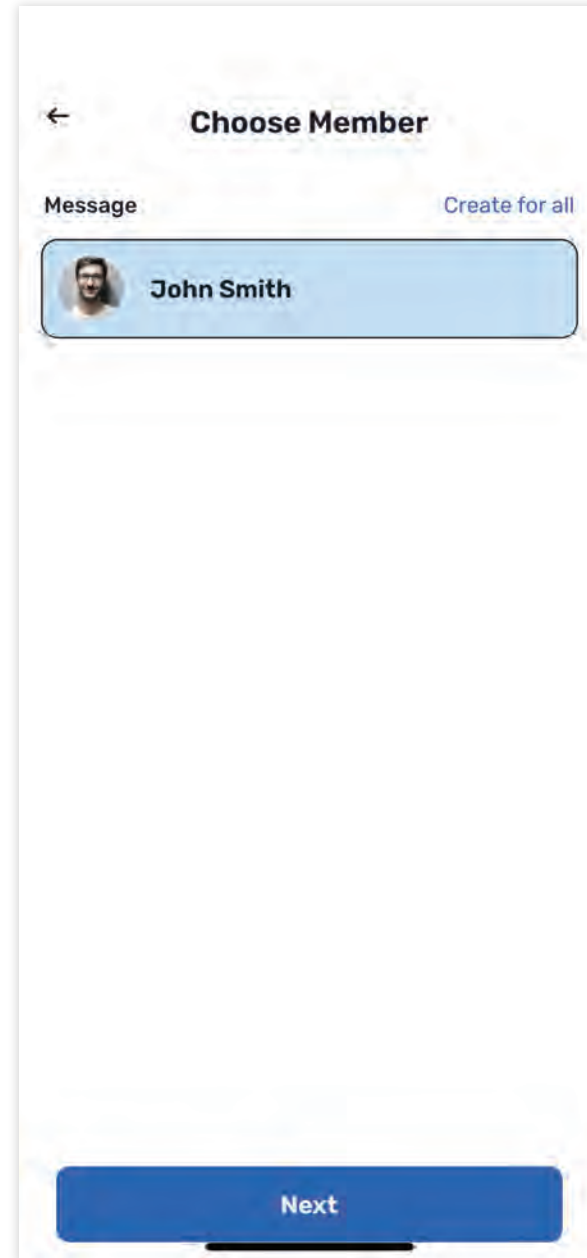

1

Tap on Geo Fence and select **Create New Geo Fence**

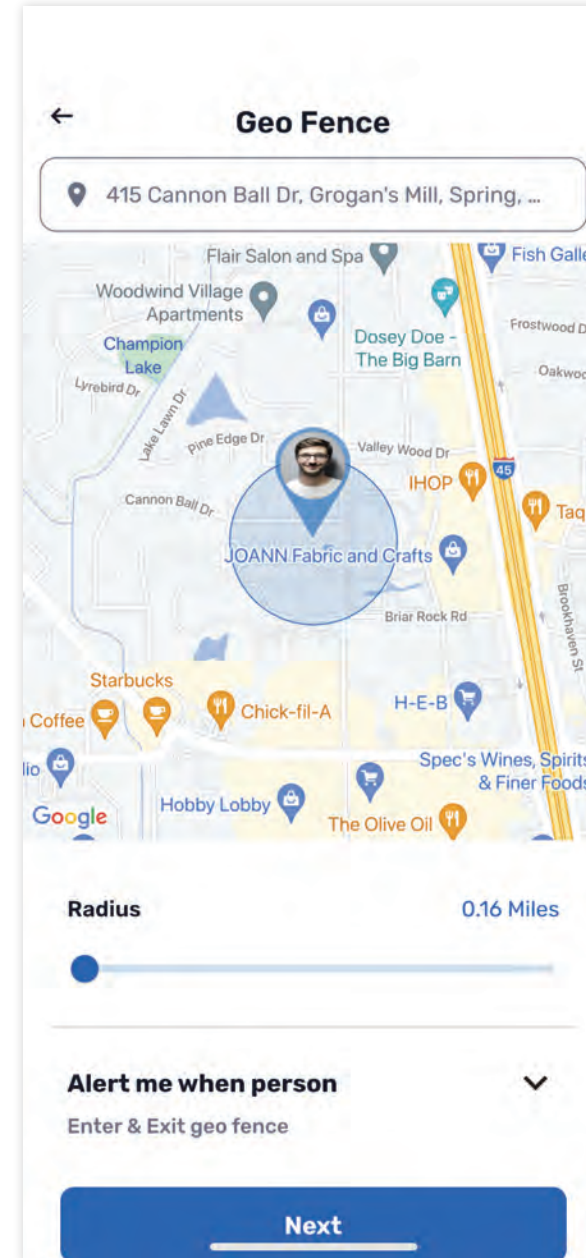

2

Choose the members you want to create the Geo Fence for.

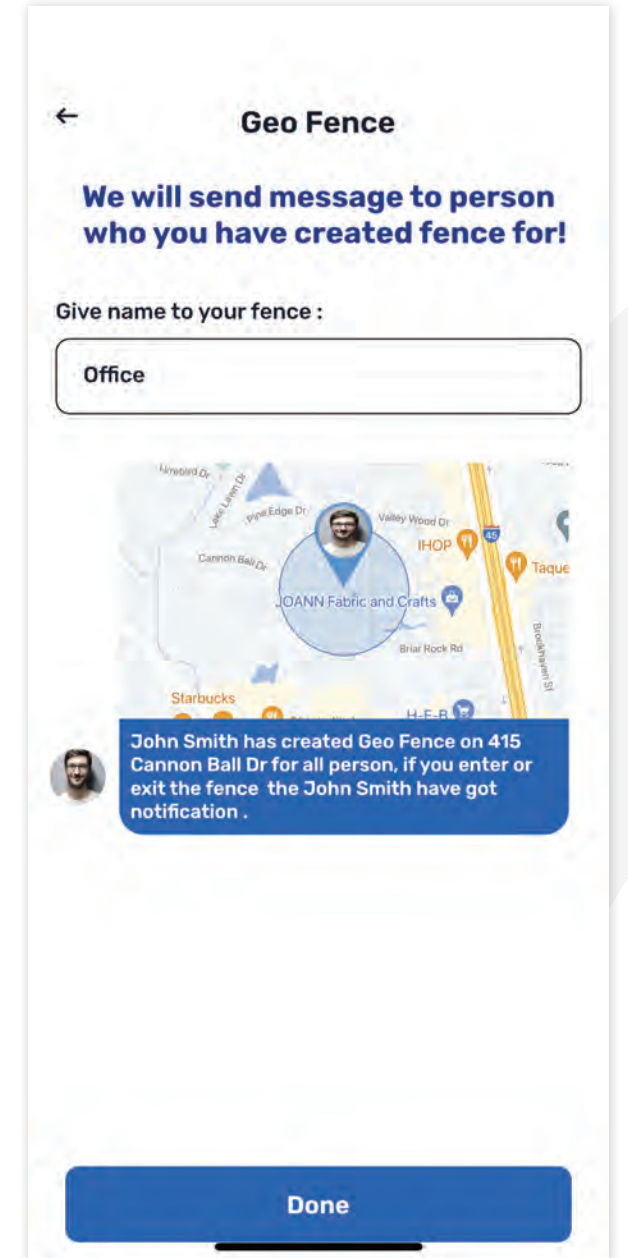

3

Select the place by moving on the map or typing the address.

4

Give a name to your Geo Fence and select **Done**.
