## Instructions

1. Print out and cut around the headbands on this page, but leave the row of sizing lines on band 2 for now. On the next page cut around the dotted line of the central headband piece and continue around the ears.
2. Glue or tape the 2 headband pieces to the central piece, matching up the guide triangles together as shown.
3. Test the fit on your head and choose one of the sizing lines on band 2 to give a good fit. Then cut that line.

That's it! Pip's ears are ready to wear!

### Tip

When you line up the guide triangles, the sizing cut lines will be opposite each other.
