

Orego-Stim Powder

Composition

Orego-Stim Powder is a high quality eubiotic containing a 100% natural oregano essential oil.

Animal focus

Designed for the use in all livestock and specific companion animals.

Main benefits

- ✓ Non-synthetic, consistent single source of natural oregano oil
- ✓ Flavouring compound, shown to increase voluntary intakes
- ✓ Helps maintain a healthy appetite through the critical stages of growth such as weaning
- ✓ Oregano essential oil contains anti-oxidants that help neutralise free radicals. Free radicals can cause cell damage and levels of these may be increased in times of stress.
- ✓ Oregano essential oil helps support animals natural defences
- ✓ Oregano essential oil can help maintain a state of eubiosis. Eubiosis is defined as well balanced and diverse microbiota.

Directions for Use
