

Orego-Stim Pigeon Liquid

Composition

Orego-Stim Pigeon Liquid is a high quality eubiotic containing a 100% natural oregano essential oil.

Animal focus

Designed for the use in all pigeons, including racing pigeons, show pigeons and squabs.

Main benefits

- ✓ Non-synthetic, consistent single source of natural oregano essential oil
- ✓ Flavouring compound, shown to increase voluntary intakes
- ✓ Helps maintain a healthy appetite to support healthy growth rates
- ✓ Support nutrient absorption and firmer droppings in pigeons
- ✓ Oregano essential oil contains antioxidants that help neutralise free radicals. Free radicals can cause cell damage and levels of these may be increased in times of stress, such as during moulting, transportation, post-race recovery and show out.
- ✓ Antioxidant properties support muscle maintenance, which is helpful during flight and aids post-race recovery
- ✓ Oregano essential oil helps support animals' natural defences
- ✓ Oregano essential oil can help maintain a state of eubiosis. Eubiosis is defined as well balanced and diverse microbiota.

Directions for use

Add to fresh drinking water.

General use: 10 ml per 2.5 L of fresh drinking water

For specific requirements, please contact your local representative.

Typical specifications

Physical analysis	Milky off white liquid with characteristic smell
Packaging	Available in 1 L
