

Mighti-Flo

Composition

Mighti-Flo is a proprietary processed natural mineral blend.

Animal focus

Designed for use with all poultry and pigeon as part of an environmental management system.

Feed Focus

Designed for use in grain storage environments to help maintain the feed quality.

Main benefits

- ✓ It is an effective, natural chemical free drying agent
- ✓ It can be dusted in all critical areas of poultry production systems
- ✓ It can be used within grain stores and transport vehicles as an environmental management system
- ✓ Easy to use applicator available

Directions for use

Poultry houses and pigeon lofts:

Apply Mighti-Flo at 15-30 g/m² of hard surface prior to bird placement and thereafter at 15 day intervals

Mighti-Flo is safe to use when birds are in place

Apply at a rate of 10 – 30 g/m² to the floor area

Grain storage:

Apply at a rate of up to 600 g/m² in grain storage environments

Can be added to stored grain or feed mixes at 1-3 kg/tonne

Applicator is available from Anpario

For specific requirements, please contact your local representative.

Typical specifications

Physical analysis	Grey powder with characteristic smell
Packaging	Packed in 5 & 20 kg printed bags
Shelf life	36 months from date of manufacture
Storage	Store in cool, dry area away from heat and damp conditions
Precautionary classification	None
Accreditation status	All products are FEMAS approved
