Alan Brown of Mt Druitt Racing Pigeon Club:

“I have been racing pigeons for 38 years, I fly with Mt Druitt Racing Pigeon Club. I have won the Central Cumberland Young Bird Derby twice, last year with “Bullet”. In 2019 Bullet had three starts with two wins and a fourth.

This year Anpario is sponsoring me to train three of my babies for the Sydney Gold Ring Race, two of the babies are Bullet’s offspring “Son of a Bullet” and “Anpario Miss” and another of my babies “Lady Oregon”.

I have about 200 pigeons and have been using Orego-Stim Liquid for about five years, I add it to my breeding stock and racing pigeons’ water every day. I notice my bird’s feathers are silky, their droppings are tight. I have had good breeding season with no wet nest, canker, or sickness. My bird’s overall health is excellent. I wish you all a good racing season.”
