

Carley Meyers on Orego-Stim for her chickens "it is the best product, it's wonderful. I recommend it to everyone"

Carley Meyers from Hampton, QLD tells us:

"I have been using Orego-Stim Liquid for about three years.

I starting using it to prevent respiratory problems in my chicken since using it there has not been a cough or a wheeze. Without a doubt this is the one product that has stopped respiratory problems, it is the best product, it's wonderful.

I recommend it to everyone."
