**LONVITALITÉ**  
SKIN BY YOU, GLOW BY US

## LONVITALITÉ

SKIN BY YOU, GLOW BY US

Delivering high quality, sophisticated beauty and skincare, Lonvitalité offers a range of skin tools including our medical-grade Derma Rollers, ultra-hydrating masks and rejuvenating serums; putting the power of professional salon results in your hands.

# MICRO NEEDLE DERMA ROLLER

540 needle/0.3mm

## **MICRO NEEDLE DERMA ROLLER 540 NEEDLE 0.3mm**

\$59.95

The Lonvitalité Micro Needle Derma Roller contains 540 titanium microneedles at 0.3mm depth.

This roller is a great introduction for anyone new to skin needling and is ideally for use on the face.

The tiny micro needles create pathways for your corrective skin care to infuse into, making your serums, masks and hydrators far more effective and results driven.

By creating micro trauma in the superficial layers of skin, inflammation will set in and your body's immune system will soon start the repair process.

The Derma Roller is suitable for use on all skin types except over active acne or damaged skin. Regular use can improve the appearance of pigmentation, fine lines, pores and acne scarring.

Replace after 15 uses to ensure the needles remain sharp and precise.

### **PERFECT PARTNERS:**

Lonvitalité Derma Roller Sanitiser Spray  
Lonvitalité Platinum Contour Roller

## **HOW TO USE DERMA ROLLERS**

Roll over a cleansed, dry skin.  
Spray your Derma Roller head with the Lonvitalité Derma Roller Sanitiser Spray. When using the Face and Body Kit, dispense some Sanitiser Spray into the included tray and submerge the roller head. Remove and rinse the head with warm water or wait until the spray evaporates. Roll with moderate pressure back and forth 5-10 times over sections of the skin until you complete an asterix pattern in a vertical, horizontal and diagonal fashion. Before changing the direction of your roll, ensure you lift the device off the skin and then place onto the next area. Once you have completed your derma rolling apply your corrective skin care. Rinse the head again under warm water, spray with the Derma Roller Sanitiser Spray and enclose the roller in its protective case. Micro needling is best performed 2-3 times in the evening.

## MICRONEEDLE DERMA ROLLER FACE AND BODY KIT

\$149.95

The Lonvitalité Derma Roller Face and Body Kit contains four titanium micro needle attachments of varying depths for use on specific areas of the face and body as well as an in built sanitising tray.

The face attachment in the kit is of 0.5mm depth, and best used on areas such as the forehead, cheeks, chin and neck.

The Eye and Lip attachment is 0.3mm in depth and is best used across the brow bone, crows feet, under eye area and over the lips, laugh lines and smokers lines.

The Body attachment is of 1.5mm depth and is only to be used on the thighs, buttocks, stomach, hips and backs of arms. The body attachment can assist in the appearance of stretch marks, cellulite and keratosis pilaris.

The tiny micro needles create pathways for your corrective skin care to infuse into the skin, making your serums, masks and hydrators far more effective and results driven.

By creating micro trauma in the superficial layers of skin, inflammation will set in and your body's immune system will soon start the repair process.

The Derma Roller is suitable for use on all skin types except over active acne or damaged skin. Regular use can also improve the appearance of pigmentation, fine lines, pores and acne scarring.

Replace heads after 15 uses to ensure the needles are sharp and precise.

### PERFECT PARTNERS:

Lonvitalité Derma Roller Sanitiser Spray

Lonvitalité Face and Body Kit Replaceable Heads

Lonvitalité Platinum Contour Roller

## FACE AND BODY KIT REPLACEABLE HEADS

BODY ATTACHMENT \$49.95

FACE ATTACHMENT \$39.95

EYE/LIP ATTACHMENT 29.95

The Face, Eye and Lip and Body attachments are available to purchase separately. A more sustainable and budget friendly option for your at home Micro Needling.

Your micro needling heads for the Face and Body Kit need to be replaced every 15 uses, you may keep the handle and the case and simply replace the applicable heads as needed.

## DERMA ROLLER SANITISER SPRAY

\$29.95

The Derma Roller Sanitiser Spray contains 75% alcohol and 25% water.

The Derma Roller Sanitiser Spray must be used before and after micro needling with the Lonvitalité Micro Needle Derma Roller and the Lonvitalité Micro Needle Face and Body Kit.

Because Micro needling devices slightly pierce the surface of the skin, there is risk of contamination or infection if your device is not clean or sterilised and therefore a sanitiser spray is a mandatory addition when purchasing any micro needling tool.

### HOW TO USE

After rinsing your tools in warm water, spritz the sanitiser spray directly onto your beauty tool and wait two minutes, or until the spray is dry before commencing your micro needling treatment. Do not spray directly onto the skin. The Derma Roller Sanitiser Spray can also be used to sanitise all beauty tools, accessories and make up brushes. Store in a cool dry place.

Lonvitalité Micro Needle Derma Roller

Lonvitalité Micro Needle Face and Body Kit

Platinum Contour Roller

## PLATINUM CONTOUR ROLLER

\$129

The Lonvitalité Platinum Contour Roller was designed to give your face a radiant appearance, just like you have received a professional in salon facial treatment.

The 360 degree angular spheres grip the facial tissue. The Platinum Contour Roller lifts and contours the skin and muscles of the face, providing a relaxing and firming results driven treatment.

The Platinum Contour Roller can assist in lymphatic drainage, fluid retention, lifting loose skin, reducing puffiness and inflammation, massages facial muscles as well as relieving stress and tension.

### HOW TO USE

Use the Platinum Contour Roller 10 minutes daily, either alone or prior to using one of our Derma Roller devices for increased microcirculation and for enhanced results. The device can be used in conjunction with any serum, facial oil or moisturizer, or over a freshly cleansed skin. Perform outward and upward strokes with your roller along the contours of your face. It can be used across the brow line, jaw line, cheek bones, under the eyes, across the lips and over the neck. Cleaning: Rinse with water and sanitise with the Lonvitalité Sanitiser Spray. Dry thoroughly. Warning - Please do not use if you have any sensitivities or allergies to metals.

## CLEANSE ERASE EMBRACE

\$34.95

Microfibre Cleansing Assistants contain three super soft spherical rounds which effectively remove make up, dirt, debris and excess oil.

The two white rounds are designed for every day use to enhance your cleansing routine and to remove all traces of lightweight makeup.

The black round is designed to assist in the removal of heavy duty make up such as mascara or heavily pigmented lipsticks.

The cleansing assistants are a more sustainable option to disposable cotton rounds, and a gentler option to alcohol laden facial wipes.

### HOW TO USE

Either dampen your round and wipe directly over the face to remove makeup prior to cleansing, apply your cleanser or micellar water to the dampened round and wipe over the skin, or cleanse your skin using your fingertips and water and wipe off the residue with the round! You can customise your cleanse! The cleansing assistants are machine washable.

60g / 2.0 fl oz

## COLLAGEN CRYSTAL EYE MASK

with Tartaric Acid (AHA) & Vitamin A  
6 PROFESSIONAL TREATMENTS

60g / 2.0 fl oz

**LONVITALITÉ**  
FACE UP TO ANYTHING

### 24k GOLD & COLLAGEN EYE MASKS

\$49.95

The Lonvitalité product that started it all!

The Lonvitalité 24k Gold Eye Masks have long been a favourite of makeup artists, celebrities and skin care enthusiasts.

The 24k Gold Eye Masks contain a powerful blend of vitamins such as vitamin B3, vitamin C and vitamin E which help to brighten, soothe and nourish.

The serum also contains hyaluronic acid which will rehydrate and rejuvenate the delicate eye area.

The perfect pre makeup prepping mask!

### CRYSTAL COLLAGEN EYE MASKS

\$49.95

The Lonvitalité Collagen Crystal Eye Masks are high performance under eye masks that effectively target dark circles and refine the eye area.

Containing tartaric acid, an AHA that possesses strong antioxidant and anti inflammatory benefits and Retinyl Palmitate, a gentle form of vitamin A for anti ageing and hydration benefits.

This mask can be used on all skin types and provides a luminous skin result.

### HOW TO USE MASKS

Carefully open the satchel to avoid spilling the enclosed serum. Remove the tray and secure the eye masks on a clean and dry under eye area. If crows feet are your main concern, place the thicker end of the mask over the crows feet. If puffiness is your main concern, then apply the thicker end closer to the bridge of your nose. After 30 minutes remove the eye mask and pat in any remaining serum from the satchel. For best results use for three consecutive days and then 1-2 times per week to maintain results. The masks may be stored in the fridge for 20 minutes prior to use.

## SKINPROVE PEN, CARTRIDGES AND SERUM

SKINPROVE PEN \$249

SKINPROVE SERUM \$69.95

Combining the best in micro needling with the added benefit of serum infusion, the Skinprove Pen is Lonvitalité's latest beauty tool to improve your complexion and create an even and radiant appearance.

The Skinprove Pen is a powered micro needling device featuring 12 pins that vertically oscillate to create tiny pathways in the superficial layers of skin.

The hollow cartridge allows for the addition of your Lonvitalité Skinprove Serum, to ensure the active ingredient of hyaluronic acid is infused directly into the skin whilst performing your treatment.

Infusing your serum into the cells allows for better product penetration and increases the efficacy of your serum.

The 12 microneedles are stainless steel and are designed for single use.

Enclosed with the pen are four cartridges and applicable Skinprove Serum. Additional packs of 10 cartridges are available to purchase separately.

### PERFECT PARTNERS:

Lonvitalité Platinum Contour Roller

Lonvitalité Skinprove Serum

Lonvitalité Cleanse Erase Embrace Microfibre Cleansing Assistants

## HOW TO USE SKINPROVE PEN, CARTRIDGES AND SERUM

Cleanse and dry your skin. Open a sterile cartridge packet and remove the lid at the opposite end of the needles. Dispense two to three pumps of the Skinprove serum into the cartridge and replace the lid. Remove the cap from the needle end and insert the cartridge into the Skinprove Pen opening with needle end showing. Attach the retaining ring around the needle cartridge.

Apply a thin layer of serum to the area you would like to treat. Press the power button on your Skinprove Pen and press again to choose your desired speed, the lowest being 1 and the highest being 4. Apply the needle tip to your skin and in small circular motions glide the device across the area being treated in a moderate and even pressure. Pressing too hard or applying too much force will stop the pen from oscillating and will prevent the flow of serum onto the skin.

Starting on the forehead, divide the forehead in two. Start on the left-hand side and work outwards in a line towards the temple and repeat until you reach the top of the brow. Repeat on other side of the forehead.

Move down to the left cheek and at the bridge of the nose work the pen outwards towards the ear. Repeat until you reach the jawline. Repeat on other cheek. Perform circular motions across the chin, over the lips and across the lip line and smile lines. Perform small circular motions across the bridge of the nose and on either side of the nose.

Starting at the inner eye orbit perform small circular motions outwards towards the crows feet. Perform bigger circular motions over the crows feet. One cartridge can be used for the face, you will need to change the cartridge if you wish to treat other areas. For all other areas of the body use the same small circular motions. Please note areas such as the neck or décolletage or bony areas of the face may stay visibly pink for up to 48 hours.

Post treatment your skin will look and feel similar to a mild sunburn. Avoid the use of exfoliants, acids and vitamin a for 5 days post treatment.

The Skinprove Pen may be used weekly in conjunction with your Lonvitalité routine.

The Skinprove Serum Ingredients are: Purified Water, Glycerin, Sodium Hyaluronate, Ethylhexylglycerin, Phenoxyethanol

TWO LIGHTS.  
ONE WAND.  
**PROFESSIONAL  
RESULTS.**

**LONVITALITÉ PRO LED WAND**

\$249

**The latest technology by combining two LED lights in the one wand.**

Slim lined but mighty, the Lonvitalité PRO LED Wand, harnesses the power of dual LED skincare technology; making it yours to use, whenever and wherever you like.

Renowned in salons for its gentle, yet effective treatment of damaged skin, this celebrated skincare technology is now available to hold, in one compact wand. Use it at home, for travel, or in the office between meetings.

Different wavelengths of red and blue LED light penetrate the skin at different depths, triggering biological processes that help the skin to heal and rejuvenate. Paired with your current skincare products, improve your skin in as little as 5 minutes a day.

**R**ED LIGHTS

**Red LED** - helps to tighten, brighten your skin and works to improve the appearance of fine lines and wrinkles and promote collagen production.

**B**LUE LIGHTS

**Blue LED** - works on a cellular level to kill acne causing bacteria, while reducing puffiness and dark circles.

**ONE WAND**

The Lonvitalité PRO LED Wand is as multifunctional as you are. Switch between Red and Blue LED light therapy, while enjoying the benefits of microcurrent technology, soothing warmth and comforting vibrations, actively helping to improve the signs of ageing, and promote a healthy, glowing complexion. You'll get maximum facial coverage with its 90° rotating head, helping you to treat those hard-to-reach areas.

**PROFESSIONAL RESULTS**

Lonvitalité adds to its list of coveted at-home beauty tools, by offering this fully rechargeable, 5-in-1 LED Wand, designed to deliver LED skincare technology, right to the palm of your hand.

Taking you from tired routine, to cherished beauty ritual, Lonvitalité offers sophisticated skincare, to enhance everyday skin.

**PERFECT PARTNERS:**

Lonvitalité Micro Needle Derma Roller  
Lonvitalité Micro Needle Face and Body Kit  
Lonvitalité Skinprove Serum

**HOW TO USE**

Select your preferred LED light setting, hold the wand and glide it across your face in an upwards and outwards motion.

Rotate the head 90 degrees for full coverage or leave it closed for hard to reach places, like the upper lip.

For best results, use the Pro LED Wand 3 times per week, for a maximum of 5-10 minutes per session, using alternating LED light colours.

To enhance your beauty routine further, use the Pro LED Wand with water-based serums, like hyaluronic acid.

## LUXE HEAT EYE MASK - Pack of 5 (unscented)

\$39.95

### Experience spa-like relaxation with Lonvitalite LUXE Self Heat EYE MASKS

Immerse yourself in the ultimate relaxation with Lonvitalite LUXE Heat EYE MASKS. These masks incorporate self-heating technology, gently warming up to a pleasant temperature that brings relief to tired eyes and melts away tension and stress. The soothing warmth enhances blood circulation, reducing puffiness and diminishing the appearance of dark circles.

Created specifically for rejuvenating fatigued eyes, these self-warming eye masks provide optimal comfort throughout their use. They are the ideal companion for those desiring a personal spa experience on-the-go, leaving you feeling refreshed and invigorated in the tranquil setting of your choosing.

Designed with convenience in mind, these innovative eye masks are effortless to use. Their portable design allows for everyday application, whether you're relaxing at home or embarking on a journey. Simply retrieve the mask from your purse or pocket whenever you're ready to indulge in moments of pure relaxation.

#### PERFECT PARTNERS:

Lonvitalite Microneedle Derma roller

Platinum contour roller

Lonvitalite PRO LED wand with Red and Blue light Therapy

#### FEATURES AND BENEFITS:

- 1. Self-Heating:** These masks are specifically engineered to generate heat autonomously. They incorporate a compact heating element that activates upon opening or unpacking the mask. The temperature is around 42 degrees celsius, and maximum of 45.
- 2. Comfortable Fabric:** The eye masks are crafted from soft and cosy non-woven fabric, ensuring a pleasant and snug fit over the eyes. This design promotes relaxation and provides a soothing experience.
- 3. Prolonged Heat:** These eye masks have the ability to deliver warmth for a duration of at least 20 minutes or more. The heated masks effectively alleviate eye fatigue, diminish puffiness, and alleviate dryness.
- 4. Alleviates eye fatigue:** The self-heating technology of Lonvitalite eye masks effectively soothes and rejuvenates tired eyes. The gentle warmth aids in reducing puffiness and dark circles, resulting in a refreshed and alert appearance.
- 5. Relieves stress:** The warmth emitted by the eye masks helps alleviate stress and tension, promoting a state of relaxation and calmness.
- 6. Enhances sleep quality:** Incorporating Lonvitalite eye masks into your bedtime routine can improve the quality of your sleep. The warmth and relaxation they provide help reduce anxiety, facilitating a more restful sleep.
- 7. Convenient and user-friendly:** Lonvitalite eye masks require no additional equipment due to their self-heating technology. They are designed to be portable and disposable, offering a hassle-free and convenient option for travel or on-the-go use.

## GLOWSCULPT BEAUTY ROLLER

\$129

Experience the luxurious benefits of the Lonvitalite GlowSculpt beauty roller for Face & Body. This unique beauty tool is like a mini massage for your face and body, featuring 30 massaging stones and a hexagon shape that helps to tighten, energise, enhance, revive, and uplift your skin. It's suitable for most skin types, so whether you have dry, oily, or combination skin, this roller is perfect for you.

Designed to elevate your skincare routine and bring out your natural radiance, this beauty tool is easy to use! Simply roll it over your skin in a rhythmic motion to improve skin tone and texture, and feel the tension melt away. Experience improved skin tone with the rhythmic rolling action and discover a more renewed, youthful-looking you.

### PERFECT PARTNERS:

Skinprove Serum with Hyaluronic acid  
Lonvitalite Microneedle Derma roller  
Lonvitalite PRO LED wand with Red and Blue light Therapy

## FEATURES AND BENEFITS

- 1. Germanium stone:** The device is made with Germanium Stone, which is known for its anti-aging and detoxifying properties.
- 2. Easy to use:** The roller is lightweight and easy to maneuver, making it simple to use on yourself or on others.
- 3. Skin rejuvenation:** The gentle massage provided by the roller can help to improve blood circulation, reduce puffiness, and promote lymphatic drainage, leading to more radiant and toned skin.
- 4. Relieves tension:** The roller can be used to massage areas of the body that hold tension, such as the neck, shoulders, and back, providing relief from stress and muscle tightness.
- 5. Enhances product absorption:** Using the roller after applying skincare products can help to enhance absorption, allowing the products to better penetrate the skin and provide more benefits.
- 6. Convenient:** The roller is small and portable, making it easy to take with you on the go and use whenever you need a quick pick-me-up.

## THE LONVITALITE GLOWZEN WEIGHTED EYEMASK
