

**130-Degree 500 Lumen Single Head
Bronze Integrated LED Motion
Activated Flood Light with Timer**
SE1289-BRS-02LF5

Description:

Good Earth Lighting Battery-Operated Security light provides safety and security by illuminating dark areas anywhere, no junction box needed. The polycarbonate housing with a shatter resistant diamond-patterned diffuser lens provides a smooth and even light distribution. The LED security light features a knob joint for easy wall or eave mount installation and a light head that swivels 360 degrees to make it simple to direct the light where needed. The light illuminates as motion is detected and turns off automatically after 20 seconds once motion has stopped during nighttime hours. This light provides a 3-year limited warranty.
