

FFWD HUB HISTORY

FFWD HUB 2011 (3 Pawl)

Please note the red characters 'WD' on the hub shell
This will easily help you to distinguish this hub from the DT/FFWD hub.
Used in most FFWD wheels till 2013.

Available body options:

Shimano Road	10s/11s	✓
Campagnolo	10s/11s/12s	✓
SRAM XDR	12s	✗

→ Select 'FFWD 3 Pawl' + body type

* Every rotor is hub specific and will only work properly on this specific hub

DT/FFWD HUB 2014 (3-Pawl)

Although DT/FFWD and white stickered DT240s hubs look very similar,
bodies for these hubs aren't interchangeable, please look carefully!
Used in most FFWD wheels from 2014 till 2017.

Available body option:

Shimano Road	10s/11s	✓
Campagnolo	10s/11s/12s	✓
SRAM XDR	12s	✗

→ Select 'DT/FFWD 3 Pawl' + body type

* Every rotor is hub specific and will only work properly on this specific hub

DT240s J-BEND HUB (Ratchet)

Made appearances with all kinds of coloured stickers over the years.
Always clearly showing '240s'. Disc brake variants were used as well.
Used in many FFWD wheels till 2018.

Available body option:

Shimano Road	10s/11s	✓
Campagnolo	10s/11s/12s	✓
SRAM XDR	12s	✓

→ Select 'DT Swiss ratchet' + body type

* Every rotor is hub specific and will only work properly on this specific hub

FFWD DISC BRAKE HUB (Ratchet)

All spare bodies for this hub do not come with a body specific endcap.
All body types are using one and the same drive side end cap.
Used in the FFWD Tyro and some specials since 2020.

Available body options:

Shimano Road	10s/11s	✓
Campagnolo	10s/11s/12s	✓
SRAM XDR	12s	✓

→ Select 'FFWD RATCHET' + body type

* Every rotor is hub specific and will only work properly on this specific hub

DT350 & DT240s STRAIGHTPULL HUB (Ratchet)

Used in many wheels and many specifications, colours and finishes.
Clearly recognizable on '350' or '240s' printed/stickered on the hub.
Used in FFWD wheels since 2017 in both rim and disc brake wheels.

Available body options:

Shimano Road	10s/11s	✓
Campagnolo	10s/11s/12s	✓
SRAM XDR	12s	✓

→ Select 'DT Swiss ratchet' + body type

* Every rotor is hub specific and will only work properly on this specific hub

DT180/190 HUB (Ratchet)

Made appearances with all kinds of finishes and specs over the years.
White, black and even in full carbon. All clearly showing '180' or '190'.
Used in FFWD wheels throughout the years.

Available body options:

Shimano Road	10s/11s	✓
Campagnolo	10s/11s/12s	✓
SRAM XDR	12s	✓

→ Select 'DT Swiss ratchet' + body type

* Every rotor is hub specific and will only work properly on this specific hub
