## POWER PROTECTION AND FILTRATION

ALPHA 4 is the affordable way to have power protection for your most valuable electrical equipment. The new slimline design now means you can have surge protection and filtration anywhere.

ALPHA 4 is the latest addition to the Thor Technologies product range and includes a newly developed **Correction Power Filter (CPF)** technology.

The **CPF** has been exclusively designed for the Alpha series. The **CPF** is aimed at ensuring the power factor is at its maximum efficiency. This benefit means dirty power is not robbing your audio visual, Hi-Fi and computer equipment of its performance. The effects of unwanted dirty power or interference is reduced or eliminated.
