

**WE'RE HIRING
APPLY NOW!**

We are one of the most awarded manufacturers for innovative camping and outdoor sports equipment with roots in Australia. Our team for the EMEA region located in Switzerland, Norway and Germany is looking for you to join our office in Bielefeld on 01.01.2024 as an

FULL STACK WEB DEVELOPER (F/M/D)

WHAT YOU CAN EXPECT:

- Design, develop and deploy our e-commerce platform to expanding markets, ensuring it meets the highest standards of functionality, performance, and security
- Analyze system data and user behavior to identify areas for improvement and optimization of the Sea to Summit website
- Develop custom integrations (external systems/ APIs)
- Collaborate with cross-functional teams to understand business requirements and translate them into technical solutions
- Proactively report any issues that may affect the IT systems and Websites of Sea to Summit to the Digital and eCommerce functional lead
- Schedule and carry out proactive maintenance on all websites
- Support the Web Coordinator in maintenance tasks as required
- Drive digital innovation through constant review and adaptation of best performing tools, trends and digital solutions

YOUR PROFILE:

- Bachelor's Degree of Science in Computer Science, Bachelor of Engineering in Software Engineering, or similar field
- 2+ years experience in a similar role
- Proven track record of delivering e-commerce growth
- Strong experience in developing Shopify-based e-commerce websites
- Experience with website optimization, including SEO, website speed, and server response
- Strong knowledge of Google channel services and tools including Google Merchant Centre, Adwords, GA4
- Expertise in Shopify Liquid, HTML, CSS, JavaScript, SQL and other web development languages and frameworks
- The ability to prioritise and juggle multiple tasks and projects, whilst meeting deadlines

WHAT WE OFFER YOU:

- Supportive and friendly working atmosphere in an international team
- Individual and detailed onboarding programme
- Global work in an expanding company in the outdoor industry
- Exciting tasks with the possibility to influence your own work
- Open-ended contract, flexible working hours and the opportunity to work from home
- Employee-specific, internal and external training opportunities

We look forward to receiving your application:
