## SOLACE CHAIR

by patryk koca

The Solace chair family is reflective of a place of comfort, security and warmth. With a generous upholstered seat and back, Solace offers outstanding comfort at the dining table, encouraging prolonged gatherings with family and friends. Its premium powder coated steel frame guarantees the strength and longevity of this timeless design. Premium touch points such as the wraparound armrests are crafted from solid wood, with thoughtful details such as the hidden pull handle which prevents repeated handling of the upholstery. Solace was designed to last generations and delight its users with surprising details, comfort, premium material selection and strength.
