# GLIDE STOOL

Glide is a collection of minimalist stools inspired by iconic concrete architecture found in Australia's Capital, Canberra. The solid foundation of the legs is offset by the rounded edges and cutaway detail of the generously proportioned seat. The result is a floating seat that offers a visual lightness that compliments the robustness of the base. As a product of collaboration, Glide combines timeless design language with the rigorous craftsmanship and quality of Sketch production.

MATERIAL : Wood seat version : solid oak

Upholstered seat version : solid oak with plywood seat panel, high density foam.

Footrest : powder-coated steel

DESIGN : Patryk Koca
