SEQUEL MODULAR SOFA

The intention in creating the Sequel sofa was to offer a program with multiple modular options, on a modest scale suited to smaller living spaces, with an aesthetic that is simple but not bland; timeless, and not hostage to trends. Additionally, fully removable covers were specified for greater utility, which also increases the life-span of the product.

Boxes ticked!

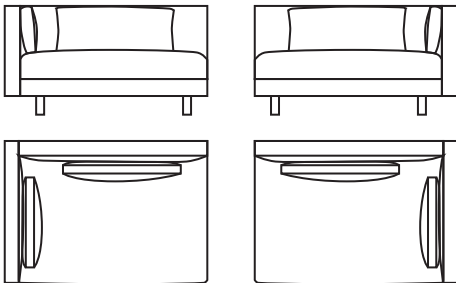

MATERIAL : Solid pine frame, steel Nozag springs, high density foam, feather & ball-fiber filling

DESIGN : Cameron Foggo
