

Mentsen designed the Farnsworth shelf to be strong yet visually light. The beauty of this architecture-inspired piece is in the repeating interlocking joints — a structure that does away with diagonal bracing in favour of clean horizontal and vertical lines. At each interval the oak shelves appear to clasp the uprights effortlessly. Farnsworth comes in two different heights.

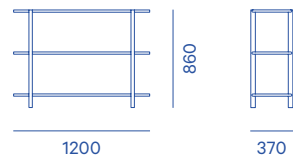

**Design**  
Mentsen, 2017

**Material**  
Solid oak with PU finish

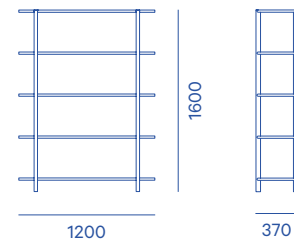

**Colour**  
Available in 4 finishes:  
— light oak  
— black oak  
— bone
