Assembly instructions

WENDELBO

Please note

Please read these instructions carefully and keep them for future reference. Refer to the parts inventory and ensure you have all the parts before starting. During assembly, place all parts on a flat, soft and clean surface, such as a carpet or blanket, to prevent scratches and damage. We recommend that a minimum of two people help each other to assemble.

Caution

When lifting or relocating the table, avoid pushing it or using the tabletop as a handle. Instead, lift the table by its base or disassemble the tabletop from the base and transport the components separately.
