

PERSONAL WORKSPACE SOLUTIONS

An Interactive Guide

ROLL OVER THE PRODUCTS FOR DETAIL

LOGITECH ADVANTAGE

- Enterprise ready: Certified and managed tools for IT
- Sustainability: Designing a positive future
- Productive Workspace: Intelligent peripherals ensure teams thrive in every workspace
- Software: Customizing desktop tools
- Security: Full encryption and secure connection only with Logi Bolt

ONE SIZE DOESN'T FIT ALL

B2B professionals have unique business roles and personalities that affect each differently. As such, productivity tools must meet those unique needs. Logitech delivers solutions that allows users to do things they never thought possible. With a wide range of modern tools, from headsets to webcams, keyboards, and mice, Logitech solutions enable users to work at their best from anywhere.

- Knowledge Professional: Corporate users across all functional areas who spend 60-70% of their time at workstations in creation/collaboration mode.
- Power User: Skilled professionals whose focus is on a high level of creation and maximum output. (ie. Software developers, creative professionals, and analysts).
- Hybrid Professional: Corporate users across all functional areas that don't regularly work from the office and rely on a mobile workstation.
- Ergo + Well-being Conscious: Employees across all functions/levels that spend the majority of time on a computer. They may be addressing daily pain or want to avoid future discomfort.

All Logitech for Business devices come paired with a Logi Bolt receiver for plug-and-play convenience. Users simply plug the Logi Bolt USB receiver in, power on their Logitech keyboard or mouse, and they're ready to go.

FORTIFIED SECURITY

Logi Bolt was engineered to meet rising security expectations. It is a wireless protocol that combines *Bluetooth*® Low Energy wireless technology Security Mode 1, Security Level 4, sometimes called Federal Information Processing Standards (FIPS) Mode, with additional Logitech security features designed to reduce vulnerability when devices are paired to a Logi Bolt USB receiver.

Logi P/N: 956-000007

TECHNICAL VALUE PROPOSITIONS

Near-Universal OS Compatibility

Logitech for business solutions work with just about every operating system and platform including—but not limited to—Windows®, macOS®, Linux®, Chrome OS™, Android™, iOS® and iPadOS®. In fact, Logitech for business solutions powered by Logi Bolt are more universally compatible than most leading peripheral brands on the market.

Robust Connections

Logi Bolt USB receivers provide a strong, reliable, drop off free connection up to 10 meters (33 feet) even in congested wireless environments—with a lower average latency than other commonly deployed wireless protocols for enterprise.

Pair Up To 6 Logi Bolt Devices

End users can pair up to six Logi Bolt compatible devices to one USB receiver—with an encrypted, fully authenticated connection that stays strong in even highly congested wireless environments.

With two connection options—Logi Bolt USB receiver or *Bluetooth*® Low Energy wireless technology—Logitech for business wireless mice and keyboards are perfect for mixed OS environments comprising desktops, laptops, tablets, and smartphones.

Logitech’s new standard for high performance wireless connectivity for people who create and produce in a world of congested wireless environments, evolving compatibility requirements and increasing security expectations. Pair up to six Logitech for Business wireless mice and keyboards to a single Logi Bolt USB receiver.

 M650: 910-006273 (Off white)
 M650 L Left: 910-006234 (Graphite)

Just as it is important for people in a conference room to be seen and heard by remote participants, people working from home or elsewhere also need to look and sound their best. Logitech personal collaboration solutions turn any work area into an instant collaboration space – providing outstanding audio and video quality, minimizing distractions, and allowing you to manage how you present yourself.

UNCLUTTER YOUR DESKTOP

Logi Dock is an all-in-one docking station with meeting controls and a built-in speakerphone that works seamlessly with leading video conferencing services. Designed for personal workspaces, private offices, and focus rooms, Logi Dock makes joining meetings as easy as one touch and delivers crystal-clear audio for calls and music. It's simple to set up, connects your desktop peripherals, and eliminates workspace clutter for more productive work days.

Logi P/N:

986-000025 (Graphite, UC)

986-000015 (Graphite, Microsoft Teams Certified)

986-000031 (White, UC)

Logi Dock connects up to five USB peripherals, and up to two monitors¹ while charging your laptop up to 100 watts. With fewer cords and dongles, and less visual clutter, Logi Dock makes room for cleaner workspaces and better work days. ¹USB to DisplayPort adapter is required to support dual monitors with Mac

HEAR AND BE HEARD CLEARLY

Noise-canceling Speakerphone

Six beamforming microphones help capture your voice clearly while advanced algorithms suppress unwanted background noise.

Easy Audio-Switch

For private conversations, switch the audio from Logi Dock's speakerphone to your personal audio by turning on your Zone Wireless headset or inserting your Zone True Wireless earbuds.

Add Music to Your Workday

Logi Dock's expertly-tuned speakers deliver immersive, crystal-clear sound, so you can enjoy your favorite tunes between or after meetings. Pair to your smartphone or tablet via *Bluetooth*[®] to stream audio.

Look professional and confident with an HD webcam certified for business. These small but mighty devices with auto-light correction and digital zoom can help you look your best on every video call. No matter where you work, we have a webcam to meet your needs and upgrade your video experience.

BRIO

Premium 4K webcam with HDR and Windows® Hello support. Packed with innovative technology, this webcam adjusts to let you look your best in any lighting. It's the ultimate webcam for professional video meetings. The Brio webcam features 5X HD zoom, variable field of view (90°/78°/65°), and dual stereo mics.

Logi P/N: 960-001105

C930e

Upgrade your video meetings with an advanced 1080p business webcam that delivers high-resolution video in virtually any environment and H.264 support. The C930e webcam features 4x HD zoom, 90° field of view, and dual stereo mics.

Logi P/N: 960-000971

C925e

Enhanced 1080p business webcam with HD autofocus for true-to-life clarity. The C925e delivers professional, quality video for all-day use with H.264 support, 78° field of view, and dual stereo mics.

Logi P/N: 960-001075

C920e

Look professional from anywhere with this 1080p business webcam that's easy to use and perfect for mass deployment. The C920e webcam features 78° field of view and dual stereo mics.

Logi P/N: 960-001401

C505e

Crisp, smooth, and colorful video quality with auto light correction that adjusts to your meeting space. This webcam offers HD 720p and a long-range mic up to 3m. The C505e features 60° field of view and a mono mic.

Logi P/N: 960-001385

Logitech Zone headsets and earbuds are enterprise-grade – built for today’s knowledge workers and certified for most major calling platforms. Download the Logi Tune app to easily manage your headphones and customize your audio preferences.

ZONE TRUE WIRELESS

Bluetooth® earbuds that provide outstanding audio quality while keeping out unwanted noise with advanced beamforming technology and adaptive hybrid ANC.

Logi P/N: 985-001081 (Graphite)

ZONE WIRELESS (PLUS)

Bluetooth® headset designed to help you work from anywhere with exceptional sound, flip-to-mute mic, and Qi wireless charging. ANC helps reduce distractions even in noisy workspaces. Seamlessly switch between smartphone and computer for music and calls. Zone Wireless Plus includes a Logitech Unifying + Audio receiver, which can connect up to six Logitech Unifying wireless peripherals.

Logi P/N: 981-000918 (UC Zone Wireless Plus)

Logi P/N: 981-000858 (MSFT Teams Zone Wireless Plus)

ZONE WIRED

USB wired headset that delivers premium audio for focus time and reliable call clarity with noise-canceling dual mic technology. Generously sized 40mm drivers deliver full-bodied bass to create satisfying sound for video calls and music.

Logi P/N: 981-000876 (UC Zone Wired)

Logi P/N: 981-000871 (MSFT Teams Zone Wired)

ZONE WIRED EARBUDS

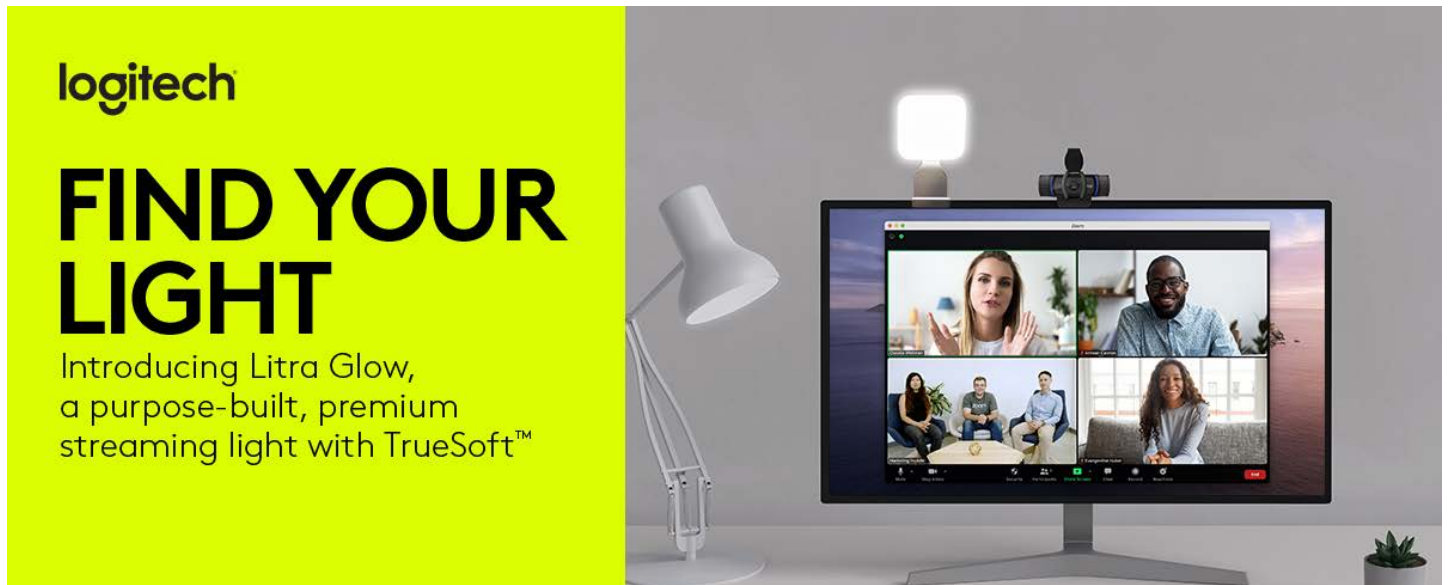

Wired earbuds with noise-canceling, boomless dual mic technology that captures voice in complete clarity. Always stay connected with convenient plug-and-play connections: 3.5 mm, USB-C, and USB-A.

Logi P/N: 981-001012 (Graphite UC Zone Wired Earbuds)

Logi P/N: 981-001008 (Graphite MSFT Teams Zone Wired Earbuds)

At Logitech, we have identified new categories to round out our workspace offering to ensure people are seen in the light they deserve.

Logitech's Litra Glow light will deliver a premium lighting experience to a user's desktop delivering a balanced professional glow for creating or collaborating. Its UL tested and advanced diffusion provides soft, glare-free light that's gentle on your eyes and safe for all-day usage. Its adjustable settings allows users to change the brightness and colour temperature to suit your workspace day or night.

LITRA GLOW FEATURES

USB-C to USB-A cable included.

Innovative Monitor Mount features height, tilt and rotate control for perfect positioning.

Monitor clip folds for portability and telescopes for deeper monitor designs.

Adjust brightness with 5 preset steps, or press and hold for full range adjustment.

Adjust color temperature with 5 preset steps, or press and hold for full range adjustment.

PORTABLE DESIGN

With a compact design and weighing less than 6 ounces, Litra Glow is the ultimate portable lighting fixture for content creators.

You can remove Litra Glow from the monitor mount to reveal a standard threading for mounting on tripods or other industry standard 1/4 20 mounts.

USB Powered for quick, plug 'n play setup.

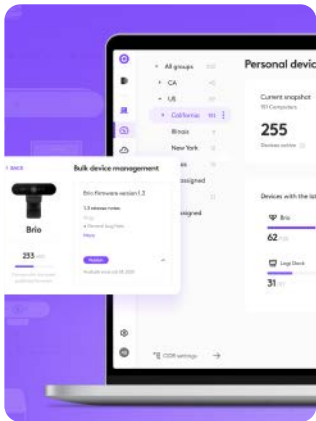

TRUESOFT™ TECHNOLOGY

Logitech's TrueSoft™ technology delivers balanced, full-spectrum light with cinematic color accuracy.

Litra Glow's frameless diffuser radiates wide, soft light that flatters the subject and eliminates harsh shadows in any setting.

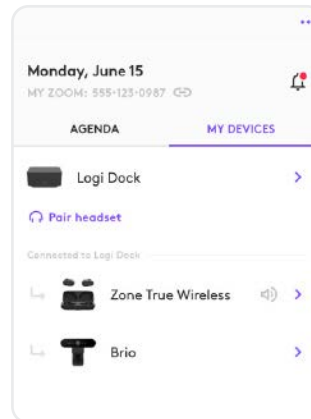

Litra Glow has cleared even the strictest UL testing guidelines for all-day streaming.*

Logitech software technologies are an integral part of the meeting experience for both meeting rooms and personal collaboration. Software enhances Logitech hardware by ensuring a consistent, unified, and customizable experience across devices and rooms, along with the ability to remotely manage those solutions.

SYNC

As the size of your video deployment grows, so does the number of devices you need to manage. Sync works alongside your service provider admin tool to help you build and maintain a video deployment your organization can depend on.

LOGI TUNE

Let people take charge of the video meeting experience wherever they are — at home, in the office, or on the go. With Logi Tune, webcam and headset settings are simple to customize. Plus, joining video meetings is easier than ever with calendar and Logi Dock integration.

LOGI OPTIONS +

BUTTON & KEY CUSTOMIZATION

Reassign your device's buttons and keys to perform your common and repetitive tasks, so you can save time and get more done.

NOTIFICATIONS & STATUS

Device-specific status and notifications so you know what's up with your devices.

CROSS-COMPUTER CONTROL

Control multiple computers with one Flow-enabled mouse. Automatically switch between computers by moving your cursor to the edge of the screen. Your mouse flows with you, even between Windows® and macOS operating systems.

GESTURE BUTTON

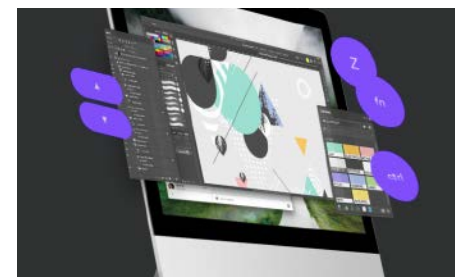

Become more productive by using the gesture button to reproduce trackpad gestures.

ADJUST POINTER AND SCROLLER

Enjoy a smooth navigation experience with your mouse by setting its pointer speed, scrolling speed, scrolling direction, and other characteristics.

SEAMLESS FILE SHARING

The Flow feature makes transferring text, images, and files between your computers effortless—just copy on one and paste to the other. It's the simplest way to transfer information—eliminating the need to rely on cloud services or sending yourself emails with attachments.

APPLICATION SPECIFIC SETTINGS

Assign actions to keys and buttons as you prefer. Use the predefined settings or define your own for the apps you often use.

BACK UP DEVICE SETTINGS

Create an account and backup your device settings to the cloud.

MULTIPLE COMPUTERS. ONE KEYBOARD.

Create one central work station for multiple computers with a Flow-enabled mouse and keyboard. Your keyboard follows your cursor from one computer to another, meaning you can type on multiple devices in one fluid workflow.

When it comes to peripherals, one size doesn't fit all. But, by standardizing on a single vendor that offers a broad range of solutions, you can offer more choice and consistency across the organization, meeting IT requirements while delivering improved productivity and elevated experiences for employees. This is especially true if the hardware you choose is compatible with multiple operating systems and devices. Reducing desktop clutter with a single, secure wireless receiver or all-in-one docking station can also boost productivity and reduce support requests.

OUR COMMITMENT TO SHAPING A BETTER WORLD

Logitech commits to being part of global efforts to co-create a more sustainable world with a 1.5°C Climate Pledge, 100% renewable electricity goal, and certified CarbonNeutral® gaming products.
