## Get a class full of answers every time.

## Without Show-me boards

## Check understanding of the whole class quickly and easily.

Here's what Bruce Robertson | Science Teacher and Author thinks.

I love Show-me boards as they:

- Make ALL pupils think
- Give ALL pupils time to think
- Make ALL pupils commit to a specific answer
- Make ALL pupils' thinking and learning visible to you at a quick glance

2-Year Guarantee

Free from nasties

Anti-Glare Surface

# **Whileboard Classpack**Everything in one box for the classroom

#### Free from nasties

Unlike mini-whiteboards made from PVC or MDF, ours don't contain nasties like lead or chlorine.

#### Don't help fill up landfill sites

Show-me Boards are the only fully recyclable mini whiteboards; just pop them into your usual recycling bin.

#### Seriously flexible!

This makes them way harder to use as a weapon and they won't snap – ever.

#### **Recycling scheme**

Take part in Show-me's free send back recycling scheme to avoid your mini whiteboards, drywipe markers, and erasers ending up in landfill.

#### Less travelled

Show-me Boards are made in the UK, so haven't been shipped around the world.

# The Student's favourile Mini Whiteboards

# Practice more but use less paper

For those repeated activities which don't need to be recorded in books, mini whiteboards are perfect.

As well as mastering key concepts quicker, you'll also be helping to protect our planet, and your budget, by using less paper.

# Designed with small hands and busy classrooms in mind

Show-me Mini Foam Erasers come in pack sizes that are ideal for kitting out whole classrooms in one go.

Each super lightweight eraser is only 75 x 50 x 25mm - ideal for small hands to grab hold of, and soft to avoid any unwanted injuries.

The simple design of these whiteboard erasers is super effective at removing drywipe ink with ease. No need to add whiteboard cleaner!

Available in Classpacks of 35 or Bulk Boxes of 100, and included in every Classpack and Bulk Box of Show-me Boards.

## What makes these products unique?

It's because we have carefully selected each product to ensure that you get what's needed to maintain your whiteboard surfaces effectively.

The humble **mini foam eraser** is small, lightweight and perfectly suited for the removal of drywipe ink. It lasts a really long time, doesn't clog up and is extremely cost effective, even if you loose a few along the way.

The large wooden handled eraser with felt surface is great for wall boards, the felt surface works just as well on blackboards and whiteboards and is easy to hold without being too heavy.

Alongside cost effective refills and improved eco credentials, our **refillable whiteboard cleaner** has been formulated specifically to remove stuck on drywipe ink and minor staining.

The **renovator tissues** has a thicker weave that allows it to absorb more liquid per application as well as being softer for use on whiteboard surfaces.

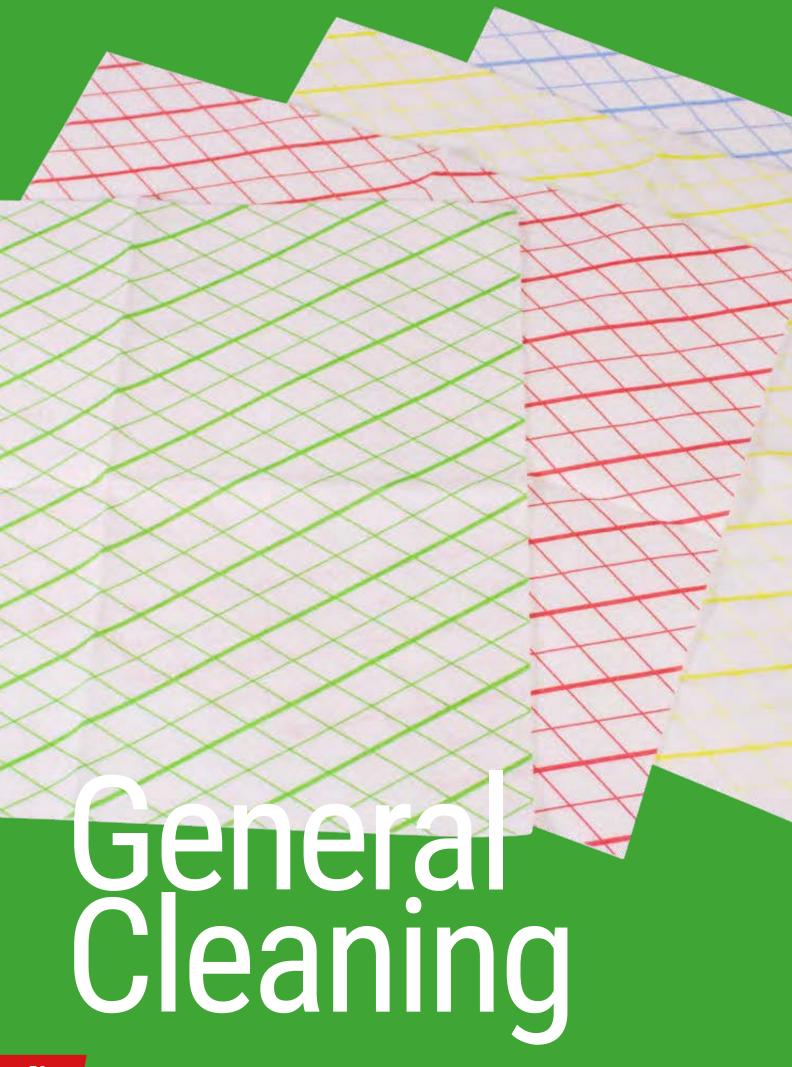

When nothing else works, **Magix** normally does! The extra-strength formula ensures that even the most stubborn stains can be removed with ease as well as being able to get rid of permanent marker, ballpen and graffiti.

The **multi-use tissues** are larger than most and can be used multiple times before being disposed of. When used as per this guide, you'll have enough tissues for the sample bottle of Magix, if not more than enough.

Plastic Free Multi-use Eco Cloth

60-61

# Grown for grime

Make cleaning more sustainable with FYBURS reusable plant-based cloths. Good for your budget. Good for cleaning. Good for the planet.

- PLANT-BASED, NOT PLASTIC: Made with FSCcertified plant matter and zero microplastics for more sustainable cleaning.
- WASH AND REUSE: You can wash FYBURS cloths hundreds of times up to 60°C and use them again and again.

- **SAVE WASTE:** Unlike synthetic disposable cloths that you use then bin, you can reuse FYBURS cloths hundreds of times and stretch your budget further.
- BIG AND SQUISHY: One of the largest plant-based cloths, each FYBURS cloth absorbs 10x its own weight in liquid for quicker wiping with less wringing.
- **MELTPROOF:** Use on hot or cold surfaces and for wet or dry cleaning.
- **COMPOSTABLE**: When your FYBURS cloth is finally finished, simply wash, chop and compost it for no nasties and no landfill

**Washable** – wash up to 60°C and reuse again and again x 100

**Squishable** – big for quicker wiping and less wringing

**Unmeltable** – use wet or dry on hot or cold surfaces

**Compostable** – zero microplastics to impact the environment

Want to be a greener cleaner? Say meh to microplastics and yeah to plant based with FYBURS eco cleaning cloths. They're made with FSC-certified plant fibres.

Ditch costly synthetic disposable cloths and pick FYBURS cloths you can wash hundreds of times up to 60°C and reuse again and again to stretch your budget further.

Their big, squishy size means each cloth absorbs 10x its own weight, making for quicker wiping with less wringing. And you can use them wet or dry for cleaning hot or cold surfaces.

When you've finally wrung every last bit of life out of them, simply wash, chop and compost. No need for landfill, and no nasty microplastics to do damage.

FYBURS come in four colourways, helping you avoid cross contamination. Use red for high-risk areas, blue for food prep areas, yellow for low-risk areas, and green for non-critical areas.

Better by nature, better on your budget, better choose FYBURS.
