### **Amenities for HYC Members:**

The Hull Yacht Club participates in the Massachusetts Boating & Yacht Club Association (MBYCA) for benefits of reciprocity. There are 70+ local yacht clubs and boating organizations in the MBYCA, each with individual amenities and club privileges. Contact information and club amenities are listed on the [MBYCA website](#).

Hull Yacht Club members must call a participating club in advance to confirm their reciprocity privileges and alert them to your visit. Members looking for reciprocal amenities at a club that is not affiliated with MBYCA may reach out to the Commodore for a letter to request such privileges. Only Full HYC Members may participate in reciprocity privileges from other clubs.

### **Amenities for Guests:**

The Hull Yacht club provides clubhouse reciprocal amenities to participating club boaters, including showers and bathrooms, the use of the kitchen, porch, outdoor grills, and purchase of drinks at the bar. A launch service is also available; call channel 71 for assistance and visit our website for launch hours. If there is a private rental, the facilities will be limited.

Reservations need to be made in advance to ensure mooring availability. If available, reciprocity will be granted for a maximum of three days. Please call the Club Steward at 781-925-9739 for availability. A \$50 donation per night to a local non-profit, Sail Nantasket, is recommended for overnight usage. The donation can be made by check through the Club Steward or directly on the [Sail Nantasket website](#).

Guests must call in advance, sign in with the Club Steward and register in the guestbook at the bar.
